

The Hoxne Treasure

**Great Britain. Treasure Trove
Reviewing Committee**

The Hoxne Treasure:

The Hoxne Treasure Roger Bland, Catherine Johns, 1995 The Hoxne hoard is one of the richest Roman treasures ever to have been discovered The 14 780 coins and 200 gold and silver objects were found in a field in Suffolk in 1992 and excavated by the Suffolk Archaeological Unit This book is a full illustrated introduction to this early 5th century treasure *The Late Roman Gold and Silver Coins from the Hoxne Treasure* Peter S. W. Guest, Trustees of the British Museum, 2005 *The Late Roman Gold and Silver Coins from the Hoxne Treasure* Peter Guest, 2004-12 **Valuation Evidence for the Hoxne**

Treasure Great Britain. Treasure Trove Reviewing Committee, 1994 *The Hoxne Late Roman Treasure* Catherine Johns, 2010 discovered in Suffolk in November 1992 Buried in the fifth century AD the spectacular finds included twenty nine superb pieces of gold jewellery a dozen silver vessels nearly a hundred silver spoons and about forty additional silver objects as well as numerous objects made of ivory bone and wood and more than 15 000 coins **Valuation Evidence for the**

Hoxne Treasure Great Britain. Department of National Heritage, Great Britain. Treasure Trove Reviewing Committee, 1994

Ancient Treasures Brian Haughton, 2013-07-22 The author of Hidden History offers a fascinating tour through centuries of buried riches stolen artifacts and other true tales of treasure The allure of treasure has captivated people for centuries But is it purely a desire for wealth that draws us to tales of hidden riches or is it also the romantic appeal of uncovering lost ancient artifacts The stories behind the loss and recovery of ancient treasures often read like historical suspense fiction In Ancient Treasures readers discover the true histories of lost hoards looted archaeological artifacts and sunken treasures including The Sevso Treasure a hoard of large silver vessels from the late Roman Empire estimated to be worth 200 million looted in the 1970s and sold on the black market The Amber Room a chamber decoration of amber panels backed with gold leaf and mirrors stolen by the Nazis in 1941 and brought to the castle at K nigsberg in Russia from which it disappeared The fabulous wealth of Roman and Viking hoards buried in the ground for safekeeping only to be unearthed centuries later by humble metal detectorists The wrecks of the Spanish treasure fleets whose New World plunder has been the target of elaborate salvage attempts by modern treasure hunters **Treasure** Richard Hobbs, 2003 Treasure which comes from the Greek word thesauros has a number of meanings in modern parlance Buried treasure and sunken treasure are concepts which many have grown up with either through reading books or playing computer games The combination of precious objects such as gold and silver or rare gems and the discovery of these is the essence of how treasure is perceived by twenty first century minds For archaeologists however the word treasure has a rather particular meaning as a legal definition of a certain class of archaeological find What is Treasure gives a brief overview of the history of treasure including the origins of the law of Treasure Trove in England and Wales and the events which led to its revision in 1996 Finding the Past examines the ways in which many objects have come to light through accidental discovery metal detecting and construction work Treasure tells Stories shows how archaeologists can use treasure finds to understand more about the past by examining

major finds such as Mildenhall Winchester English Civil War hoards and the Vikings on Anglesey Small Things Forgotten considers the archaeological significance of single finds such as medieval toys and finger rings Finally Our Precious Past looks at the importance of responsible reporting by amateurs and the difficulties presented by unprovenanced objects and illegal trade *The Origins of Suffolk* Peter M. Warner,1996 This book gives details of recent excavations at sites of international significance such as Sutton Hoo West Stow and Brandon It covers the history and archaeology of Suffolk from the time of the first farmers to the coming of the Normans The Jewellery Of Roman Britain Dr Catherine Johns,Catherine Johns,2013-02-01 This work provides a survey of the jewellery of Roman Britain Fully illustrated and accessible to both the specialist and amateur enthusiast it surveys the full range of personal ornament worn in Britain during the Roman period the 1st to 4th centuries AD It emphasizes the presence of two distinct cultural and artistic traditions the classical element introduced by the Romans and the indigenous Celtic background The interaction of these traditions affected all aspects of Romano British life and is illustrated in the jewellery The meaning and significance of personal ornament in a wide range of cultures is discussed including such matters as symbolism and the display of wealth and status The principal types of Romano British jewellery are classified in detail drawing attention to those which can be relatively closely dated The coverage is not restricted to precious metal objects but includes jewellery made of base metals and materials such as bone jet and glass The final chapter is devoted to the techniques of manufacture a subject which has become better understood in recent years as a result of scientific advances The book should appeal to anyone who practices teaches or studies Roman archaeology together with all those with a professional or amateur interest in the history of jewellery and design
