50 Great Myths of Human Evolution John H. Relethford,2017-01-17 50 Great Myths of Human Evolution uses common misconceptions to explore basic theory and research in human evolution and strengthen critical thinking skills for lay readers and students Examines intriguing yet widely misunderstood topics from general ideas about evolution and human origins to the evolution of modern humans and recent trends in the field Describes what fossils archaeology and genetics can tell us about human origins Demonstrates the ways in which science adapts and changes over time to incorporate new evidence and better explanations Includes myths such as Humans lived at the same time as dinosaurs Lucy was so small because she was a child Our ancestors have always made fire and There is a strong relationship between brain size and intelligence Comprised of stand alone essays that are perfect for casual reading as well as footnotes and references that allow readers to delve more deeply into topics *The Myth of Matriarchal Prehistory* Cynthia Eller,2001-04-13 According to the myth of matriarchal prehistory men and women lived together peacefully before recorded history Society was centered around women with their mysterious life giving powers and they were honored as incarnations and priestesses of the Great Goddess Then a transformation occurred and men thereafter dominated society Given the universality of patriarchy in recorded history this vision is understandably appealing for many women But does it have any basis in fact And as a myth does it work for the good of women Cynthia Eller traces the emergence of the feminist matriarchal myth explicates its functions and examines the evidence for and against a matriarchal prehistory Finally she explains why this vision of peaceful woman centered prehistory is something feminists should be wary of **The Anthropologist Looks at Myth** Melville Jacobs,John Greenway,1966

Undergraduate Announcement University of Michigan--Dearborn,1987 **Man's Most Dangerous Myth** Ashley Montagu,2001-04-19 Man's Most Dangerous Myth was first published in 1942 when Nazism flourished when African Americans sat at the back of the bus and when race was considered the determinant of people's character and intelligence It presented a revolutionary theory for its time breaking the link between genetics and culture it argued that race is largely a social construction and not constitutive of significant biological differences between people In the ensuing 55 years as Ashley Montagu's radical hypothesis became accepted knowledge succeeding editions of his book traced the changes in our conceptions of race and race relations over the 20th century Now over 50 years later Man's Most Dangerous Myth is back in print fully revised by the original author Montagu is internationally renowned for his work on race as well as for such influential books as *The Natural Superiority of Women* *Touching and The Elephant Man* This new edition contains Montagu's most complete explication of his theory and a thorough updating of previous editions The Sixth Edition takes on the issues of the Bell Curve IQ testing ethnic cleansing and other current race relations topics as well as contemporary restatements of topics previously addressed A bibliography of almost 3 000 published items on race compiled over a lifetime of work is of

enormous research value Also available is an abridged student edition containing the essence of Montagu s argument its policy implications and his thoughts on contemporary race issues for use in classrooms Ahead of its time in 1942 Montagu s arguments still contribute essential and salient perspectives as we face the issue of race in the 1990s *Man s Most Dangerous Myth* is the seminal work of one of the 20th century s leading intellectuals essential reading for all scholars and students of race relations 21st Century Anthropology: A Reference Handbook H. James Birx,2010-06-10 Highlighting the most important topics issues questions and debates these two volumes offer full coverage of major subthemes and subfields within the discipline of anthropology *Dynamics of Identification and Conflict* Markus Virgil Hoehne,Echi Christina Gabbert,John R. Eidson,2025-03-01 Dealing with the dynamics of identification and conflict this book uses theoretical orientations ranging from political ecology to rational choice theory interpretive approaches Marxism and multiscalar analysis Case studies set in Africa Europe and Central Asia are grouped in three sections devoted to pastoralism identity and migration What connects all of these anthropological explorations is a close focus on processes of identification and conflict at the level of particular actors in relation to the behaviour of large aggregates of people and to systemic conditions **Myth in Indo-European Antiquity** Gerald James Larson,C. Scott Littleton,Jaen Puhvel,2023-07-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974
