David Nelson, 2015-05-14 Exodus in the Jewish Experience Echoes and Reverberations investigates how the Exodus has been and continues to be a crucial source of identity for both Jews and Judaism It explores how the Exodus has functioned as the primary model from which Jews have created theological meaning and historical self understanding It probes how and why the Exodus has continued to be vital to Jews throughout the unfolding of the Jewish experience As an interdisciplinary work it incorporates contributions from a range of Jewish Studies scholars in order to explore the Exodus from a variety of vantage points It addresses such topics as the Jewish reception of the biblical text of Exodus the progressive unfolding of the Exodus in the Jewish interpretive tradition the religious expression of the Exodus as ritual in Judaism and the Exodus as an ongoing lens of self understanding for both the State of Israel and contemporary Judaism The essays are guided by a common goal to render comprehensible how the re envisioning of Exodus throughout the unfolding of the Jewish experience has enabled it to function for thousands of years as the central motif for the Jewish people **Humanistic Judaism** ,1993 **Hutzvitz' Humanist Haggadah** ,1968 **When Religion Meets New Media** Heidi Campbell, 2010-04-05 This lively book focuses on how different Jewish Muslim and Christian communities engage with new media Rather than simply reject or accept new media religious communities negotiate complex relationships with these technologies in light of their history and beliefs Heidi Campbell suggests a method for studying these processes she calls the religious social shaping of technology and students are asked to consider four key areas religious tradition and history contemporary community values and priorities negotiation and innovating technology in light of the community communal discourses applied to justify use A wealth of examples such as the Christian e vangelism movement Modern Islamic discourses about computers and the rise of the Jewish kosher cell phone demonstrate the dominant strategies which emerge for religious media users as well as the unique motivations that guide specific groups **The Humanist Project** Peter Carravetta, 2024-05-20 Humanistic studies has been subjected to critiques from the inside of the university disciplines and shrinking support structures on the outside moreover recent technological developments have trapped humans in the maws of the information machine where will agency and dialogue are constantly stunted and mediated disclosing a nihilistic dilated present Against this panorama Peter Carravetta argues that there is a need to recover the human in humanistic reflection here described as a free social creative yet elusive being caught between idealizations utopias concepts of society autonomy of powers the realities of survival basic economics and geographies and

the dynamics of power the languages and the praxis of actually running the society The Humanist Project Will Judgment and Society from Dante to Vico presents Dante as the first true humanist with his stressing the preeminence of free will and individual responsibility in the life of the polis Boccaccio's later encyclopedic works as a philosophy of existence and history Pico della Mirandola's auto-poiesis of the thinking and acting human in light of recent theories of interpretation the self and society Machiavelli and the challenge of chance in determining sociohistorical patterns Campanella as the last true utopic writer and first to conceive of a realist world scale political vision and Vico as the thinker who identifies and describes the dialectic between historical recurrences and the free will of the individual *American Reform Judaism* Dana Evan

Kaplan, 2003-04-29 The only comprehensive and up to date look at Reform Judaism this book analyzes the forces currently challenging the Reform movement now the largest Jewish denomination in the United States To distinguish itself from Orthodox and Conservative Judaism the Reform movement tries to be an egalitarian open and innovative version of the faith true to the spirit of the tradition but nonetheless fully compatible with modern secular life Promoting itself in this way Reform Judaism has been tremendously successful in recruiting a variety of people intermarried families feminists gays and lesbians and interracial families among others who resist more traditional forms of worship As an unintended result of this success the movement now struggles with an identity crisis brought on by its liberal theology which teaches that each Jew is free to practice Judaism more or less as he or she pleases In the absence of the authority that comes from a theology based on a commanding all powerful God can Reform Judaism continue to thrive Can it be broadly inclusive and still be uniquely and authentically Jewish Taking this question as his point of departure Dana Evan Kaplan provides a broad overview of the American Reform movement and its history theology and politics He then takes a hard look at the challenges the movement faces as it attempts to reinvent itself in the new millennium In so doing Kaplan gives the reader a sense of where Reform Judaism has come from where it stands on the major issues and where it may be going Addressing the issues that have confronted the movement including the ordination of women acceptance of homosexuality the problem of assimilation the question of rabbinic officiation at intermarriages the struggle for acceptance in Israel and Jewish education and others Kaplan sheds light on the connection between Reform ideology and cultural realities He unflinchingly yet optimistically assesses the movement's future and cautions that stormy weather may be ahead **Unpacking My Father's Bookstore**
