**The Curse of the Mogul** Jonathan A. Knee, Bruce C. Greenwald, Ava Seave, 2009-10-15 If Rupert Murdoch and Sumner Redstone are so smart why are their stocks long term losers We live in the age of big Media with the celebrity moguls telling us that content is king But for all the excitement glamour drama and publicity they produce why can't these moguls and their companies manage to deliver better returns than you'd get from closing your eyes and throwing a dart The Curse of the Mogul lays bare the inexcusable financial performance beneath big Media's false veneer of power By rigorously examining individual media businesses the authors reveal the difference between judging a company by how many times its CEO is seen in Sun Valley and by whether it generates consistently superior profits The book is packed with enough sharp edged data to bring the most high flying hot air filled mogul balloon crashing down to earth The Accidental Investment Banker Jonathan A. Knee, 2006-08-15 Jonathan A Knee had a ringside seat during the go go boom and bust decade and into the 21st century at the two most prestigious investment banks on Wall Street Goldman Sachs and Morgan Stanley In this candid and irreverent insider's account of an industry in free fall Knee captures an exhilarating era of fabulous deal making in a free wheeling Internet economy and the catastrophe that followed when the bubble burst Populated with power players back stabbers celebrity bankers and godzillionaires here is a vivid account of the dramatic upheaval that took place in investment banking Indeed Knee entered an industry that was typified by the motto first class business in a first class way and saw it transformed in a decade to a free for all typified by the acronym IBG YBG I'll be gone you'll be gone Increasingly mercenary bankers signed off on weak deals knowing they would leave them in the rear view mirror Once investment bankers prospered largely on their success in serving the client preserving the firm and protecting the public interest Now in the financial supermarket era bankers felt not only that each day might be their last but that their worth was tied exclusively to how much revenue they generated for the firm on that day regardless of the source Today most young executives feel no loyalty to their firms and among their clients Knee finds an unprecedented but understandable level of cynicism and distrust of investment banks Brimming with insight into what investment bankers actually do and told with biting humor and unflinching honesty The Accidental Investment Banker offers a fascinating glimpse behind the scenes of the most powerful companies on Wall Street

And the Sun Shines Now Adrian Tempny, 2016-05-20 SHORTLISTED FOR THE GORDON BURN PRIZE FEATURED IN THE OBSERVER'S SPORTS WRITERS BOOKS OF THE YEAR On 15 April 1989 96 people were fatally injured on a football terrace at an FA Cup semi final in Sheffield The Hillsborough disaster was broadcast live on the BBC it left millions of people traumatised and English football in ruins And the Sun Shines Now is not a book about Hillsborough It is a book about what arrived in the wake of unquestionably the most controversial tragedy in the post war era of Britain's history The Taylor Report Italia 90 Gazza's tears All seater stadia Murdoch Sky Nick Hornby The Premier League The transformation of a game that once connected club to community to individual into a global business so rapacious the true fans have been forgotten

disenfranchised In powerful polemical prose against a backbone of rigorous research and interviews Adrian Tempny deconstructs the past quarter century of English football and examines its place in the world How did Hillsborough and the death of 96 Liverpool fans come to change the national game beyond recognition And is there any hope that clubs can reconnect with a new generation of fans when you consider the startling statistic that the average age of season ticket holder here is 41 compared to Germany's 21 Perhaps the most honest account of the relationship between the football and the state yet written And the Sun Shines Now is a brutal assessment of the modern game The Successor Paddy Manning, 2022-11-01 Rupert's stepped down What now The first major biography of Lachlan Murdoch unauthorised and complete After years of speculation about his succession plans in 2023 Rupert Murdoch announced his retirement and the appointment of his eldest son Lachlan as sole chair of News Corp The decision confirmed Lachlan's position as one of the world's most powerful people Yet despite a lifetime in the spotlight his personality politics and business acumen remain enigmatic What can we expect from his leadership of News Corp and Fox and what will his ascension mean for politics and media around the world In this riveting biography acclaimed journalist Paddy Manning explores Lachlan Murdoch's upbringing political beliefs and his track record as head of Fox Corporation the man ultimately responsible for Fox News Manning follows Lachlan's trajectory from a privileged Manhattan childhood through his college years at Princeton his shock decision to walk away from the family business and his ultimate return as the prodigal son The portrait that emerges is one of intriguing contradictions Is Lachlan a risk loving adventurer or a dutiful son Ultra conservative or thoughtful libertarian Scarred by a series of spectacular business failures or an underrated leader who has shrewdly repositioned his family's assets This is a book about the good the bad and the ugly of the global media and about America in the age of Trump and Biden It is a book about power apprenticeship politics and succession It's a brave man to take on an autobiography of one of the richest and most powerful men in global media Crikey It is hard to think of a better time to write an account of the life and times of Lachlan Murdoch heir apparent to the News Corp throne or of a better writer to do it Who Lachlan Murdoch is how he thinks and what he does with his power is vital to Australian democracy Paddy Manning has it all covered Monica Attard author of Russia Which Way Paradise **American Television on British Screens** P. Rixon, 2006-05-02 This work explores how American programmes have become an important part of British television culture since the 1950s moving from schedule fillers to cornerstones and must see attractions The book analyses popular and industrial discourses the changing roles of such programmes on British screens and interviews with key British broadcasters Television in the Streaming Era Jean Chalaby, 2023-04-06 This book explores the value chain that underpins the TV industry and reveals how digital technologies are accelerating the global shift Media Clusters Charlie Karlsson, Robert G. Picard, 2011-01-01 This impressive new book uniquely focuses on the phenomenon of media clusters and is designed to inform policymakers scholars and media practitioners about the underlying challenges of media firm agglomerations their potential and their effects

Including an array of distinguished contributors this book explores the rationale and purpose of media clusters how they compare with clusters in other industries and the significant differences in characteristics development processes and drivers among various media clusters worldwide It incorporates perspectives from economic geography and economics public development and industrial policy organizational studies entrepreneurship as well as cultural and media studies to provide a comprehensive view that provides critical insight into these clusters Rugby Union and Globalization J.

Harris,2010-08-18 In 1995 rugby union finally became a professional sport following more than a century as an amateur game This book offers a critical analysis of the sport in the professional era and assesses the relationship between the local and the global in contemporary rugby union **Cross-media Promotion** Jonathan Hardy,2010 Cross media promotion is one of the most salient characteristics in our modern media systems arising out of a context that involves virtually every level of media studies media ownership advertising and funding technological trends and regulatory issues the latter a specialty of the author of this book These factors often work together and Hardy is masterful in interweaving in an insightful but accessible way the complexity of media promotion From the Foreword by Matthew P McAllister Penn State University Book Jacket *Market-Driven Politics* Colin Leys,2020-05-05 With the globalisation of the capitalist economy the economic role of national governments is now largely confined to controlling inflation and facilitating home grown market performance This represents a fundamental shift in the relationship between politics and economics it has been particularly marked in Britain but is relevant to many other contexts Market Driven Politics is a multi level study moving between an analysis of global economic forces through national politics to the changes occurring week by week in two fields of public life that are both fundamentally important and familiar to everyone television broadcasting and health care Public services like these play an important role because they both affect the legitimacy of the government and are targets for global capital This book provides an original analysis of the key processes of commodification of public services the conversion of public service workforces into employees motivated to generate profit and the role of the state in absorbing risk Understanding the dynamics of each of these trends becomes critical not just for the analysis of market driven politics but also for the longer term defence of democracy and the collective values on which it depends **The Ascent of Media** Roger Parry,2011-09-22 Media s story from its earliest incarnation in the clay tablets of Gilgamesh up to the world of digital content The Murdoch Method Irwin Stelzer,2018-05-01 After having worked with Rupert Murdoch for what the legendary newspaperman describes as thirty five years of great memories Irwin Stelzer is uniquely positioned to evaluate Murdoch s media empire through periods of rapid expansion and acquisitions times of financial and regulatory stress and political battles in Britain and America Stelzer helped plan important company conclaves and assisted with speeches at least one of which was responsible for having News Corp barred by the Chinese regime from doing business in that country Here are the philosophies on how Rupert approaches and values deals whether stalking the Wall Street Journal for decades before pouncing or over paying for

everything from Fox Studios to NFL rights how he copes with regulatory constraints how he wins some and loses some must notably MySpace The Murdoch Method is the sum total of the management techniques that grew out of Rupert's attitudes and conceptions taking him from a struggling newspaper in an out of the way town in Australia to running a globe dominating media enterprise □□□ □□□ □□□ □□□,2009-04-30 1 10 2 FTA TV DMB IPTV 15 FTA 3 universal service 4

Sounds of Your Life Tony Stoller,2010 Independent Radio from the mid 1970s onwards touched the lives of an entire generation Stations in the big cities and the smaller towns provided the music and the news and the style which accompanied the changing patterns of life as the UK grew into a youth driven modern state The initial attempt to harness the power of popular radio funded by advertising to provide local public service was characteristic of the ambition of the times Its later decline into commercial music radio illustrates the failure of those hopes on a wider front too Sounds of Your Life is the first comprehensive telling of the stories and the histories of Independent Radio Its author Tony Stoller was a major figure in the medium He has had unique access to the people who made and unmade the system and to the formal and informal archives which cover over 30 lively years The book is a substantial and substantive history which illustrates the way in which Britain moved from a social to a market economy while telling the tales of the people and the processes of Independent Radio as it touched its tens of millions of listeners up and down the country **Ruling the Waves** Debora L. Spar,2001 Entrepreneurs

such as Samuel Morse and Rupert Murdoch carve new markets from the emerging technology and proclaim that the old rules no longer apply BOOK JACKET **Encyclopedia of British Sport** Richard Cox,Wray Vamplew,Grant Jarvie,2000-12-05

Includes entries on individual sports from football to fencing and polo to pigeon racing the London Marathon the Grand National the Isle of Man TT races the Olympic Games the F A Cup Test Matches the Boat Race Wimbledon Wembley Stadium and much more key issues such as fair play gender racism commercialization professionalism alcohol and drugs the sociology psychology and language of sport and sport in drama film literature and the visual arts BOOK JACKET *The Media Were American* Jeremy Tunstall,2008

It has become clear that the U S media are no longer increasingly their grip throughout the globe Asia and the Arab Moslem world is virtually saturated with their own national media output Tunstall produces a well written provocative snapshot at global media today His point of view is relentlessly global he considers the role of the media in the collapse of the Soviet Union the ascendancy of the Brazilian and Mexican soap opera the increasing strength of Bollywood the national cinema output of India as well as the relative decline in influence of US media Importantly Tunstall focuses on both the nation state and the geographical and cultural region as crucial levels in today's mass media Both the United States and the US mass media have now lost their previous moral leadership Lone American control of the world news flow has ceased today rather than Global media we see a world media system comprised of interlocking national regional cultural systems Tunstall's assessment is a wake up call for insular American media consumers *Javnost*,2007

*The Rise and Rise of the Independents* Ian Potter,2008 The story of a shift in power over the last 50 years of TV The Rise

and Rise of the Independents is a history of UK television beyond the broadcasters from the 1950s to the present day      *The Political Economy of Television Sports Rights* T. Evens, P. Iosifidis, P. Smith, 2013-08-27 Sport on television is big business but it is about more than just commerce Using a range of national case studies from Europe and beyond this book analyses the political economic social and regulatory issues raised in relation to the buying and selling of television sports rights
