**Slam Dunk** Takehiko Inoué, 2003-01-16 *Antidictionnaire de l'Hackadémie française - Tome II* Ludovic Gorges, Alexandra Freulon, 2024-11-19 Plus de 500 nouvelles définitions qui vous retourneront le cerveau Dans ce deuxième tome les deux fondateurs de l'Hackadémie sont restés fidèles leur mission première pirater le sens des mots Taquins et complices ils vous livrent le fruit de leurs trouvailles et de leurs re-trouvailles Toujours aussi drôles spirituelles et percutantes que dans le premier tome ces redéfinitions originales s'inspirent parfois de l'actualité et aspirent toujours à maximiser le sens de la formule *Christian Realism and the Revival of Public Theology* Charles McDaniel, 2025-09-26 *Christian Realism and the Revival of Public Theology* analyzes Reinhold Niebuhr's *The Children of Light and the Children of Darkness* 80 years after publication and argues that it provides pertinent lessons for the contemporary era This book considers how Niebuhr's book as well as his other work remains relevant and retains insights for an America which seems increasingly to be losing its moral bearings and political courage The author examines the roots of political polarization in Niebuhr's categories of the children of light and the children of darkness finding it a more useful binary than liberalism vs conservatism for understanding America's culture wars and the growing sense that its political institutions are in terminal decay This book seeks to show how public theology offers resources to foster democratic and moral renewal It concludes by calling for a reinvigorated civil religion to promote unity rather than division This book will appeal to scholars of American politics Christian ethics Christian Realism public theology and American religious history as well as historians of American Christianity Chicago, 2008
