Christians in Caesar's Household Michael Flexsenhar III,2020-02-28 In this volume Michael Flexsenhar III advances the argument that imperial slaves and freedpersons in the Roman Empire were essential to early Christians self conception as a distinct people in the Mediterranean and played a multifaceted role in the making of early Christianity Scholarship in early Christianity has for centuries viewed Roman emperors slaves and freedmen as responsible for ushering Christianity onto the world stage traditionally using Paul s allusion to the saints from Caesar s household in Philippians 4 22 as a core literary lens Merging textual and material evidence with

diaspora and memory studies Flexsenhar expands on this narrative to explore new and more nuanced representations of this group showing how the long accepted stories of Christian slaves and freepersons in Caesar s household should not be taken at face value but should instead be understood within the context of Christian myth and meaning making Flexsenhar analyzes textual and material evidence from the first to the sixth century spanning Roman Asia the Aegean rim Gaul and the coast of North Africa as well as the imperial capital itself As a result this book shows how stories of the emperor s slaves were integral to key developments in the spread of Christianity generating origin myths in Rome and establishing a shared history and geography there differentiating and negotiating assimilation with other groups and expressing commemorative language ritual acts and a material culture With its thoughtful critical readings of literary and material sources and its fresh analysis of the lived experiences of imperial slaves and freedpersons Christians in Caesar s Household is indispensable reading for scholars of early Christianity the origins of religion and the Roman Empire Race and Reunion David W.

Cadwallader,Michael Trainor,2011-12-07 The ancient site of Colossae in south west Turkey has been sorely neglected by archaeologists and biblical commentators It has never been excavated Modern scholarship in general has been content to repeat nineteenth century assessments especially those of J B Lightfoot and W M Ramsay This is the first modern contribution to gather the archaeological historical classical and biblical materials related to the site and its region some of which is published in English for the first time It marks a major step forward in scholarship on Colossae and is designed to restore Colossae to time and space to its material and comparative significance Colossae emerges as a site of uninterrupted human activity in dynamic interaction with its neighbours from before the Achaemenid period to beyond the end of Byzantine control Evidence of a chalcolithic origin of Colossae is presented along with an assessment of the relationship of the site to the modern city of Honaz An array of international scholars have brought their specialisations in various periods and disciplines to yield a radically new assessment of the history and importance of the site All future scholarship will be able to use this volume as the necessary foundation for research The volume includes the first chronology of the ancient site and the first English translation of the key Byzantine text centred on the ancient city as well as major new insights into the text of the Epistle to the Colossians **The Bulletin** ,1920
