Slavery And The Literary Imagination Selected Papers From The English:

Romances of the Republic Shirley Samuels, 1996-08-29 *Romances of the Republic* contributes to the lively field of scholarship on the interconnection of ideology and history in early American literature Shirley Samuels illustrates the relations of sexual political and familial rhetoric in American writing from 1790 to the 1850s With special focus on depictions of the American Revolution and on the use of the family as a model and instrument of political forces she examines how the historical novel formalizes the more extravagant features of the gothic novel incest murder the horror of family while incorporating a sentimental vision of the family Samuels's analysis deals with writers like Charles Brockden Brown Catherine Sedgwick James Fenimore Cooper and Mason Weems and argues that their novels formulated a family structure that unlike earlier models was neither patriarchal nor a revolt against patriarchy In emphasizing sibling rivalry and inter generational quarrels about marriage the novel of this period attempted to unite disparate political national class and even racial positions

Writers of the American Renaissance Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies *Love and Theft : Blackface Minstrelsy and the American Working Class* Department of English University of Virginia Eric Lott Associate Professor, 1993-10-28 For over two centuries America has celebrated the very black culture it attempts to control and repress and nowhere is this phenomenon more apparent than in the strange practice of blackface performance Born of extreme racial and class conflicts the blackface minstrel show sometimes usefully intensified them Based on the appropriation of black dialect music and dance minstrelsy at once applauded and lampooned black culture ironically contributing to a blackening of America Drawing on recent research in cultural studies and social history Eric Lott examines the role of the blackface minstrel show in the political struggles of the years leading up to the Civil War Reading minstrel music lyrics jokes burlesque skits and illustrations in tandem with working class racial ideologies and the sex gender system *Love and Theft* argues that blackface minstrelsy both embodied and disrupted the racial tendencies of its largely white male working class audiences Underwritten by envy as well as repulsion sympathetic identification as well as fear a dialectic of love and theft the minstrel show

continually transgressed the color line even as it enabled the formation of a self consciously white working class Lott exposes minstrelsy as a signifier for multiple breaches the rift between high and low cultures the commodification of the dispossessed by the empowered the attraction mixed with guilt of whites caught in the act of cultural thievery Radical Representations Barbara Foley, 1993 In this revisionary study Barbara Foley challenges prevalent myths about left wing culture in the Depression era U S Focusing on a broad range of proletarian novels and little known archival material the author recaptures an important literature and rewrites a segment of American cultural history long obscured and distorted by the anti Communist bias of contemporaries and critics Josephine Herbst William Attaway Jack Conroy Thomas Bell and Tillie Olsen are among the radical writers whose work Foley reexamines Her fresh approach to the U S radicals debates over experimentalism the relation of art to propaganda and the nature of proletarian literature recasts the relation of writers to the organized left Her grasp of the left s positions on the Negro question and the woman question enables a nuanced analysis of the relation of class to race and gender in the proletarian novel Moreover examining the articulation of political doctrine in different novelistic modes Foley develops a model for discussing the interplay between politics and literary conventions and genres Radical Representations recovers a literature of theoretical and artistic value meriting renewed attention from those interested in American literature American studies the U S left and cultural studies generally **Race, Trauma, and Home in the Novels of Toni Morrison** Evelyn Jaffe Schreiber, 2010-12 In this first interdisciplinary study of all nine of Nobel Laureate Toni Morrison s novels Evelyn Jaffe Schreiber investigates how the communal and personal trauma of slavery embedded in the bodies and minds of its victims lives on through successive generations of African Americans Approaching trauma from several cutting edge theoretical perspectives psychoanalytic neurobiological and cultural and social theories Schreiber analyzes the lasting effects of slavery as depicted in Morrison s work and considers the almost insurmountable task of recovering from trauma to gain subjectivity With an innovative application of neuroscience to literary criticism Schreiber explains how trauma whether initiated by physical abuse dehumanization discrimination exclusion or abandonment becomes embedded in both psychic and bodily circuits Slavery and its legacy of cultural rejection create trauma on individual familial and community levels and parents unwittingly transmit their trauma to their children through repetition of their bodily stored experiences Concepts of home whether a physical place community or relationship are reconstructed through memory to provide a positive self and serve as a healing space for Morrison s characters Remembering and retelling trauma within a supportive community enables trauma victims to move forward and attain a meaningful subjectivity and selfhood Through careful analysis of each novel Schreiber traces the success or failure of Morrison s characters to build or rebuild a cohesive self starting with slavery and the initial postslavery generation and continuing through the twentieth century with a special focus on the effects of inherited trauma on children When characters attempt to escape trauma through physical relocation or to project their pain onto others through aggressive behavior or scapegoating the development of selfhood

falters Only when trauma is confronted through verbalization and challenged with reparative images of home can memories of a positive self overcome the pain of past experiences and cultural rejection While the cultural trauma of slavery can never truly disappear Schreiber argues that memories that reconstruct a positive self whether created by people relationships a physical place or a concept help Morrison s characters to establish subjectivity A groundbreaking interdisciplinary work Schreiber s book unites psychoanalytic neurobiological and social theories into a full and richly textured analysis of trauma and the possibility of healing in Morrison s novels *Revolution and the Word* Cathy N. Davidson,2004-09-30 *Revolution and the Word* remains the classic study of the co emergence of the U S nation and the new literary genre of the novel This expanded edition reframes this foundational study for the next generation of readers as it provides a new introductory survey and critique of the turbulent controversial and productive thinking in literary and cultural theory during the last two decades

Men Beyond Desire David Greven, 2005-09-02 This book explores the construction of male sexuality in nineteenth century American literature and comes up with some startling findings Far from desiring heterosexual sex and wishing to bond with other men through fraternity the male protagonists of classic American literature mainly want to be left alone Greven makes the claim that American men eschewing both marriage and male friendship strive to remain emotionally and sexually inviolate Examining the work of traditional authors Hawthorne Poe Melville Cooper Irving Stowe Greven discovers highly untraditional and transgressive representations of desire and sexuality Objects of desire from both women and other men the inviolate males discussed in this study overturn established gendered and sexual categories just as this study overturns archetypal assumptions about American manhood and American literature
