## **Slavery Attacked The Abolitionist Crusade:**

**Slavery Attacked** John L. Thomas,1965      **Slavery attacked: the abolitionist crusade. Edited by John L. Thomas**

John L. Thomas,1965      *The Abolitionist Movement* Claudine L. Ferrell,2005-12-30 The abolitionists of the 1830s 1850s risked physical harm and social alienation as a result of their refusal to ignore what they considered a national sin contrary to the ideals upon which America was founded Derived from the moral accountability called for by the Great Awakening and the Quaker religion the abolitionist movement demanded not just the gradual dismantling of the system or a mandated political end to slavery but an end to prejudice in the hearts of the American people Primary documents illustrations and biographical sketches of notable figures illuminate the conflicted struggle to end slavery in America Some called them fanatics others called them liberators and saints Immeasurable though their ultimate impact may have been the abolitionists of the 1830s 1850s risked physical harm and social alienation as a result of their refusal to ignore what they considered a national sin contrary to the ideals upon which America was founded Derived from the moral accountability called for by the Great Awakening and the Quaker religion the abolitionist movement demanded not just the gradual dismantling of the system or a mandated political end to slavery but an end to prejudice in the hearts of the American people Claudine Farrell s concluding essay draws parallels between the abolitionists struggles and the Civil Rights movement of the 1950s 1970s demonstrating the significant amount of ground being gained in a still unfinished war Five narrative chapters explore the abolitionist movement s religious beginnings the conflict between moral justice and union preservation and the revolts divisions and conflicts leading up to the Civil War Biographical portraits of such notable figures as Frederick Douglass William Lloyd Garrison and the Grimke sisters supplement the discussion and selections from some of the most influential documents in American history including the Emancipation Proclamation the US Constitution and The Writings of Thomas Jefferson provide actual historical evidence of the events Twelve illustrations a chronology index and extensive annotated bibliography make this an ideal starting point for students looking to understand the battle for and against slavery in America

*Caribbean Slave Revolts and the British Abolitionist Movement* Gelien Matthews,2006-06-15 In this illuminating study Gelien Matthews demonstrates how slave rebellions in the British West Indies influenced the tactics of abolitionists in England and how the rhetoric and actions of the abolitionists emboldened slaves Moving between the world of the British Parliament and the realm of Caribbean plantations Matthews reveals a transatlantic dialectic of antislavery agitation and slave insurrection that eventually influenced the dismantling of slavery in British held territories Focusing on slave revolts that took place in Barbados in 1816 in Demerara in 1823 and in Jamaica in 1831 32 Matthews identifies four key aspects in British abolitionist propaganda regarding Caribbean slavery the denial that antislavery activism prompted slave revolts the attempt to understand and recount slave uprisings from the slaves perspectives the portrayal of slave rebels as victims of armed suppressors and as agents of the antislavery movement and the presentation of revolts as a rationale against the

continuance of slavery She makes shrewd use of previously overlooked publications of British abolitionists to prove that their language changed over time in response to slave uprisings Historians previously have examined the economic religious and political bases for slavery's abolishment in the Caribbean but Matthews here emphasizes the agency of slaves in the march toward freedom Her compelling work is a valuable analytical tool in the interpretation of abolition in North America uncovering the important connections between rebellious slaves on one side of the Atlantic and abolitionists on the other side

*Abolition Movement* T. Adams Upchurch, 2011-01-04 This powerful narrative tells the triumphant story of the men and women who spent their lives and fortunes trying to abolish the institution of slavery in the United States The practice of African slavery has been described as the United States's most shameful sin Undoing this practice was a long complex struggle that lasted centuries and ultimately drove America to a bitter civil war After an introduction that places the United States's form of slavery into a global historical perspective author T Adams Upchurch shows how an ancient custom evolved into the American South's peculiar institution The gripping narrative will fascinate readers while excerpts from primary documents provide glimpses into the minds of key abolitionists and proslavery apologists The book's glossary annotated bibliography and chronology will be indispensable tools for readers researching and writing papers on slavery or abolitionists making this text ideal for high school and college level students

The Slavery Debates, 1952-1990 Robert William Fogel, 2003 Fogel chronicles all of these events as well as the emergence of a new generation of intellectual and political historians who questioned the progressive synthesis In addition to reflecting on his own participation in the slavery debates he recalls the contributions of numerous noted historians including Ulrich B Phillips Kenneth Stampp Frederick Jackson Turner Eugene Genovese John Blassingame and Philip D Morgan Based on Fogel's 2001 Walter Lynwood Fleming Lectures in Southern History *The Slavery Debates 1952-1990* is both an enjoyable memoir and an information summary of the literature on the economics of American slavery Supporters and detractors of this brilliant and controversial historian will welcome his valuable glimpse into one of the most interesting chapters of the historical profession

BOOK JACKET Against Slavery Mason Lowance, 2000-02-01 An invaluable resource to students scholars and general readers alike Amazon.com This collection assembles more than forty speeches lectures and essays critical to the abolitionist crusade featuring writing by William Lloyd Garrison Frederick Douglass Lydia Maria Child Wendell Phillips Harriet Beecher Stowe and Ralph Waldo Emerson For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

**Disunion!** Elizabeth R. Varon, 2008 The author of *We Mean to Be Counted* blends political history with intellectual and cultural history to examine the ongoing debates over disunion that long preceded the secession crisis in a study that brings

together the voices of competing interests including fugitive slaves white Southern dissenters free black activists abolitionists and other outsiders

**The South as an American Problem** Larry J. Griffin, Don Harrison Doyle, 1995 In this volume twelve authors take a challenging new look at the South Departing from the issue that has lately preoccupied observers of the South the region's waning cultural distinctiveness the contributors instead look at the dynamics of the region's long troubled relationship with the rest of the nation What they discover allows us all to view the current state and future course of the South as well as its link to the broader culture and polity in a new light To envision the concept of the Problem South and what it means to those within and without the region six historians have joined together with a sociologist an economist two literary scholars a legal scholar and a journalist Their essays which range in subject from the South's climate to its religious fundamentalism to its great outpouring of fiction and autobiography are the products of strong and independent minds that cut across disciplines disagree among themselves blend contemporary and historical insights and confront conventional wisdom and expedient generalities Although consensus among the contributors was never the goal of this collection some common themes do suggest themselves Above all there is not only a South defined by its geography history and society but also a mythic and metaphoric South one continually refashioned by national regional discourse trends and events In addition the South has long been a mirror in which America has viewed itself The nation has sought time and again to change the region but it has also used the South to expose and modify darker impulses of American culture

**A House Divided** Mason I. Lowance Jr., 2018-06-05 This anthology brings together under one cover the most important abolitionist and unique to this volume proslavery documents written in the United States between the American Revolution and the Civil War It makes accessible to students scholars and general readers the breadth of the slavery debate Including many previously inaccessible documents A House Divided is a critical and welcome contribution to a literature that includes only a few volumes of antislavery writings and no volumes of proslavery documents in print Mason Lowance's introduction is an excellent overview of the antebellum slavery debate and its key issues and participants Lowance also introduces each selection locating it historically culturally and thematically as well as linking it to other writings The documents represent the full scope of the varied debates over slavery They include examples of race theory Bible based arguments for and against slavery constitutional analyses writings by former slaves and women's rights activists economic defenses and critiques of slavery and writings on slavery by such major writers as William Lloyd Garrison John Greenleaf Whittier Walt Whitman Henry David Thoreau and Ralph Waldo Emerson Together they give readers a real sense of the complexity and heat of the vexed conversation that increasingly dominated American discourse as the country moved from early nationhood into its greatest trial

**Frederick Douglass** Gregory P. Lampe, 2012-01-01 This work in the MSU Press Rhetoric and Public Affairs Series chronicles Frederick Douglass's preparation for a career in oratory his emergence as an abolitionist lecturer in 1841 and his development and activities as a public speaker and reformer from 1841 to 1845 Lampe's meticulous scholarship overturns

much of the conventional wisdom about this phase of Douglass's life and career uncovering new information about his experiences as a slave and as a fugitive it provokes a deeper and richer understanding of this renowned orator's emergence as an important voice in the crusade to end slavery. Contrary to conventional wisdom Douglass was well prepared to become a full-time lecturer for the Massachusetts Anti Slavery Society in 1841. His emergence as an eloquent voice from slavery was not as miraculous as scholars have led us to believe. Lampe begins by tracing Douglass's life as slave in Maryland and as fugitive in New Bedford showing that experiences gained at this time in his life contributed powerfully to his understanding of rhetoric and to his development as an orator. An examination of his daily oratorical activities from the time of his emergence in Nantucket in 1841 until his departure for England in 1845 dispels many conventional beliefs surrounding this period especially the belief that Douglass was under the wing of William Lloyd Garrison. Lampe's research shows that Douglass was much more outspoken and independent than previously thought and that at times he was in conflict with white abolitionists. Included in this work is a complete itinerary of Douglass's oratorical activities correcting errors and omissions in previously published works as well as two newly discovered complete speech texts never before published.

**Essays** Susan Roberson, 2013-08-12 Positioning the Caribbean within the complexes of the world community this collection uses the metaphor of the global Caribbean to discuss the multiple movements identities epistemologies and politics of the West Indies. Examining the processes of the transnational transport of peoples languages and literatures between the Caribbean Africa Europe and North America the essays look at the complexities of geographical intellectual and artistic migrations at the ways Caribbean writers negotiate the construction of literary and political identities and the ways in which the Caribbean influenced writers and thinkers in North America or Europe. These kinds of reciprocal exchanges locate the islands of the Caribbean within a global context as recipients of multi and trans national influence and as makers of transnational meaning. Building on the dynamic processes of globalization this collection suggests that the Caribbean provides a perspective for thinking about multiple intercultural connections with the Caribbean that include antebellum New Englanders the Jews of twentieth century Europe literary artists of seventeenth and eighteenth century England and France and modern pleasure seekers. A culturally and linguistically rich region of the world the Caribbean also provides a fascinating literature of its own that is complicated by its history of migration and colonization as well as by its location between continents.

**Human Trafficking, The Bible and the Church** Marion Carson, 2017-06-12 In this book Marion Carson brings us a profound interdisciplinary account of how Christians have engaged with slavery in the past and how they might respond in the future.

**Jane Addams on Inequality and Political Friendship** Wynne Walker Moskop, 2019-06-14 In this book Wynne Walker Moskop addresses the practical and theoretical problem of how unequal political friendships evolve toward arrangements the parties consider reciprocal and just a problem neglected by scholars of democracy who associate reciprocity and justice only

with equal parties Jane Addams insisted that Hull House was not a charity with philanthropic aspirations rather it had to bring two classes to a shared purpose and more egalitarian relation The problem was and still is how Drawing on several bodies of scholarship including Addams s writings secondary works about her collaborations literature on Aristotelian political friendship and feminist scholarship on the global migration of care workers Moskop shows the importance of Addams s practices to the continuing relevance of unequal economic relations for shaping political friendship Contributing to a lively conversation about Addams s work as a pragmatist thinker and social reformer that began three decades ago Jane Addams on Inequality and Political Friendship is an invaluable resource to students of democratic theory feminist political theory and philosophy and American pragmatism It illuminates the importance of overlooked conditions for friendship and justice in unequal relations given people s ongoing subordination because of race class gender and citizenship status in the U S and transnationally
