haunting story as fatalistic moody and inevitable as a Greek tragedy January Magazine **Sleepers** Jacqueline Druga,2017-05-16 A normal spring morning cascades into a nightmare world for Mera Stevens as nearly 2 billion children simultaneously fall ill and then vanish from the face of the earth without a trace Her son Jeremy is one of them In the midst of this incomprehensible tragedy a series of brutal natural disasters rock the globe and it soon becomes clear that the remaining children on earth are ravaged by a plague that turns them into mindless murderous beings Those infected are called The Sleepers As what's left of humanity struggles to hold off extinction a grave question lingers on the lips of the living will the Sleepers inherit the earth Sleepers In a single day every child on the face of the earth dies and infected adults are transformed into deadly instinct driven beings Despite the dangers she faces a mother desperately searches for her daughter Sleepers II A child is born and holds the cure to saving mankind or does he Survivors fight to protect the infant from those who want him dead and believe he is the final stage of man's extinction Sleepers III After two years of quietude the Sleepers evolve and mass outside the walls of Grace Those inside must find a way out and new home before they are overcome and lose everything Amazon.com Green Lantern Christopher James Priest,Michael Ahn,2005 Book 2 stars the original Green Lantern Alan Scott revealing how he came to have his power ring and how he uses his powers to fight evil **Sleep and the Novel** Michael Greaney,2018-04-04 Sleep and the Novel is a study of representations of the sleeping body in fiction from 1800 to the present day which traces the ways in which novelists have engaged with this universal indispensable but seemingly nondescript region of human experience Covering the narrativization of sleep in Austen the politicization of sleep in Dickens the queering of sleep in Goncharov the aestheticization of sleep in Proust and the medicalization of sleep in contemporary fiction it examines the ways in which novelists envision the figure of the sleeper the meanings they discover in human sleep and the values they attach to it It argues that literary fiction harbours on its margins a sleeping partner one that we can nickname the Schlafroman or sleep novel whose quiet absorption in the wordlessness and passivity of human slumber subtly complicates the imperatives of self awareness and purposive action that traditionally govern the novel L. A. Sleepers Dakota Donovan,2016-06-20 When elderly Hollywood producer Milton Kingman says he's dying and needs someone to write his memoir Dakota Donovan takes the job The pay is lousy and the hours are worse but the ghostwriter has no other options at the moment What starts out as a standard assignment soon becomes a long strange trip as Dakota is threatened accused arrested hunted and haunted while she tries to separate truth from lies and fact from fiction about one of Tinseltown's most enigmatic characters Sleepers Kirby White,2007 Written for business owners and senior managers this volume discusses ways of controlling business information and communication Text, Lies and Cataloging Jana Brubaker,2018-07-10 What do James Frey's A Million Little Pieces Margaret B Jones Love and Consequence and Wanda Koolmatrie's My Own Sweet Time have in common None of these popular books are what they appear to be Frey's fraudulent drug addiction memoir was really a semi-fictional novel Jones' chronicle of her life in a street gang was a complete fabrication

and Koolmatrie was not an Aboriginal woman removed from her family as a child as in her seemingly autobiographical account but rather a white taxi driver named Leon Carmen Deceptive literary works mislead readers and present librarians with a dilemma Whether making recommendations to patrons or creating catalog records objectivity and accuracy are crucial and can be difficult when a book's authorship or veracity is in doubt This informative and entertaining study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate An extensive annotated bibliography describes books that are not what they seem American Literature in Transition, 1990-2000 Stephen J. Burn, 2017-12-28 Written in the shadow of the approaching millennium American literature in the 1990s was beset by bleak announcements of the end of books the end of postmodernism and even the end of literature Yet as conservative critics marked the century's twilight hours by launching elegies for the conventional canon American writers proved the continuing vitality of their literature by reinvigorating inherited forms by adopting and adapting emerging technologies to narrative ends and by finding new voices that had remained outside that canon for too long By reading 1990s literature in a sequence of shifting contexts from independent presses to the AIDS crisis and from angelology to virtual reality American Literature in Transition 1990 2000 provides the fullest map yet of the changing shape of a rich and diverse decade's literary production It offers new perspectives on the period's well known landmarks Toni Morrison Thomas Pynchon David Foster Wallace but also overdue recognition to writers such as Ana Castillo Evan Dara Steve Erickson and Carole Maso

Green Lantern Christopher J. Priest, Michael Ahn, 2005-10 Book Two of the popular Sleepers series stars the original Green Lantern Alan Scott It begins by disclosing origins of the first Green Lantern and reveals how he came to have his power ring and how he uses his powers to fight evil In this instalment Scott enters World War II to fight a 17th century supervillain named Malvolio an anti Green Lantern who wants to take over the world Malvolio decides to cut a deal with Hitler that endangers the entire Allied campaign in Europe and the Pacific Not one to think small he is determined to eliminate the entire Green Lantern Corps destroy Earth and decimate all other worlds that have ever had the protection of a Green Lantern Mystery Movie Series of 1940s Hollywood Ron Backer, 2014-01-10 Many of the 20th century's most celebrated fictional sleuths appeared in Hollywood movie mystery series of the forties This volume focuses on 19 series 146 films The Saint The Lone Wolf Sherlock Holmes The Shadow Nick Carter Michael Shayne Ellery Queen Boston Blackie The Falcon Mr District Attorney Wally Benton Crime Doctor The Whistler Inner Sanctum Dick Tracy Philip Marlowe Jack Packard and Doc Long Steve Wilson and Lorelei Kilbourne and John J Malone For each series there is an overview of the source material the individual films and the performers who acted in them An overall review of each film is included with a critique of the film's quality and the cohesiveness of its plot For movies based on written works a comparison between the film and its literary original is offered *The Big Book of Reel Murders* Otto Penzler, 2019-10-22 Edgar Award winning editor Otto Penzler's new anthology rolls out the red carpet for the stories that Hollywood is made of A Vintage Crime Black Lizard
