## **Sleeping With The Dictionary:**

*Sleeping with the Dictionary* Harryette Mullen, 2002-02-22 Harryette Mullen's fifth poetry collection *Sleeping with the Dictionary* is the abecedarian offspring of her collaboration with two of the poet's most seductive writing partners Roget's Thesaurus and The American Heritage Dictionary. In her ménage à trois with these faithful companions the poet is aware that while Roget seems obsessed with categories and hierarchies the American Heritage whatever its faults was compiled with the assistance of a democratic usage panel that included black poets Langston Hughes and Arna Bontemps as well as feminist author and editor Gloria Steinem. With its arbitrary yet determinant alphabetical arrangement its gleeful pursuit of the ludic pleasure of word games acrostic anagram homophone parody pun as well as its reflections on the politics of language and dialect Mullen's work is serious play. A number of the poems are inspired or influenced by a technique of the international literary avant garde group Oulipo a dictionary game called S 7 or N 7. This method of textual transformation which is used to compose nonsensical travesties reminiscent of Lewis Carroll's *Jabberwocky* also creates a kind of automatic poetic discourse. Mullen's parodies reconceive the African American's relation to the English language and Anglophone writing through textual reproduction recombining the genetic structure of texts from the Shakespearean sonnet and the fairy tale to airline safety instructions and unsolicited mail. The poet admits to being licked all over by the English tongue and the title of this book may remind readers that an intimate partner who also gives language lessons is called euphemistically a pillow dictionary.

Looking Up Harryette Mullen Barbara Henning, Harryette Romell Mullen, 2011 Literary Nonfiction Poetry History Criticism African American Studies Introduction by Juliana Spahr Six years after Harryette Mullen and Barbara Henning first met at the legendary Nuyorican Poets Café Henning proposed she do a postcard format interview of Mullen that would allow for a very small postcard space in which to respond to the idea of cards flying through the mail overlapping. Thus began what is now *LOOKING UP HARRYETTE MULLEN* unique collaborative conversations that offer a candid look at the influences politics and poetics that inform Mullen's poetry. The conversation expands even further in the second set of spoken interviews that include concerns as far ranging as the Heaven's Gate cult Oulipian constraints such as S 7 and lipograms syllabic rhymes and Aim C saire. In stunning detail Mullen and Henning discuss the origins of each poem in Mullen's highly acclaimed collection *Sleeping with the Dictionary*. For poets and readers of poetry interested in witnessing how a brilliant singular writer embarks on the journey of generating work to scholars researching the inception of Mullen's poems this book informs by way of technique and vitality.

The Cracks Between What We Are and What We Are Supposed to Be Harryette Mullen, 2012-08-06 *The Cracks Between What We Are and What We Are Supposed to Be* forms an extended consideration not only of Harryette Mullen's own work methods and interests as a poet but also of issues of central importance to African American poetry and language women's voices and the future of poetry. Together these essays and interviews highlight the impulses and influences that drive Mullen's work as a poet and thinker and suggest unique

**Poetics of Cognition** Jessica Lewis Luck, 2023-08-14 Poetics of Cognition investigates the material effects of experimental poetics using new evidence emerging from cognitive science It asks How do experimental poems think and how do we think through them Examining experimental modes such as the New Sentence proceduralism projective verse sound poetry and visual poetry Jessica Lewis Luck argues that experimental poems materialize not so much the content as the activity of the embodied mind and they can thus function as a powerful scaffolding for extended cognition both for the writer and the reader While current critical approaches tend to describe the effects of experimentalism solely in terms of emotion and sensation Luck shifts from the feeling to the thinking that these poems can generate expanding the potential blast radius of experimental poetic effects into areas of linguistic sonic and visual processing and revealing a transformational potency that strictly affective approaches miss The cognitive research Luck draws upon suggests that the strangeness of experimental poetry can reshape the activity of the reader's mind creating new forms of attention perception and cognition This book closes by shifting from theory to praxis extracting forms of teaching from the forms of thinking that experimental poems instill in order to better enable their transformative effects in readers and to bring poetry pedagogy into the twenty first century
