John Harrison,2020-08-20 Throughout his career M John Harrison s writing has defied categorisation building worlds both unreal and all too real overlapping and interlocking with each other His stories are replete with fissures and portals into parallel dimensions unidentified countries and lost lands But more important than the places they point to are the obsessions that drive the people who so believe in them characters who spend their lives hunting for and haunted by clues and maps that speak to the possibility of somewhere else This selection of stories drawn from over 50 years of writing bears witness to that desire for difference whether following backstreet occultists amateur philosophers down and outs or refugees we see our relationship with the other in microscopic detail and share in Harrison s rejection of the idea that the world or our understanding of it could ever be settled **JOB CHANGE ERA: I BECAME A GOD** Cathy Maday, On the day of his awakening Yang Rui unexpectedly acquired a system and from then on his badass and formidable life began Dimension Wave: Volume 4 Aneko Yusagi,2025-07-10 With the development of the uninhabited Cal Mira island completed Kizuna a boy forced by his sisters to play using a girl avatar arrives with his party at the newly opened land of Mikakage He immediately gets to work fishing at the port But while fishing is fun so is adventuring with his comrades and he can t quite do both at the same time A timely message from Alto calls him back to Cal Mira for a newly added fishing quest with loads of benefits

Romina upgrades his fishing gear and with the construction of an aquarium the world of fishing only grows deeper For a boy who loves fishing there are now far more things to do As Kizuna struggles to find a way to balance fishing with adventuring Alto comes to him with a new item that might just solve this problem
