the entire history of the Church no saint has performed as many miracles as Saint Therese of Lisieux The greatest saint of modern times as Pius X described her is doing what she promised spending her heaven doing good on earth Among the fourteen thousand testimonies of apparitions healings and conversions preserved in the Carmel of Lisieux since the saint's death archivist Camille Burette has selected the most meaningful and moving among them to include in this volume Like the miracle stories of the Gospel they nurture our faith From Edith Piaf's healing to Gregory Turpin's conversion from the battlefields of World War I to modern day families Saint Therese never stops answering those who invoke her With one aim To love Jesus and make him loved Angelico Press is pleased to offer this inspiring work as a companion volume to our previous publication Stronger Than Steel Soldiers of the Great War Write to Therese of Lisieux *Letters of St. Therese of Lisieux, Volume I* St. Therese of Lisieux, 2014-07-07 Letter writing at the end of the nineteenth century was an important activity for the people of France Those who received letters from family and friends alike usually kept the hand written texts sent to them as precious gifts That is why this collection of letters by and to one of the greatest saints of modern times is so interesting to us today No mere notes slapped together in distracted haste the missives found in this volume reveal communications of warm personal sentiment along with expressions of lively spiritual development Therese's efforts as a fifteen year old to enter Carmel before reaching the required age appear in revealing detail This tortuous course of a very subtle diplomacy is set out not only by the letters of Therese herself but also by those of so many others who shared her hopes and eventual victory The translator editor gives us 75 pages of introductory remarks to Therese's letters This volume also includes 4 pages of facsimiles of Therese's letters *Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus* Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese's spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God's Word and God's grace hidden in the events of her life The book shows how through self reflexivity and meditation on God's Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God's grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual's spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following

the example found in St Therese's simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key
