The Incredible De Foe:

A Defoe Companion J. Hammond, 1993-07-21 Defoe occupies a central place in the history of English literature As the author of Robinson Crusoe and Moll Flanders he can claim to be the creator of the first novels in English and he was one of the earliest practitioners of the desert island myth which has had such an influence on the human imagination In *A Journal of the Plague Year* and *A Tour through the Whole Island of Great Britain* he forged a distinctive documentary style which deeply influenced later writers

Daniel Defoe, Contrarian Robert James Merrett, 2013-03-22 A highly conscious wordsmith Daniel Defoe used expository styles in his fiction and non fiction that reflected his ability to perceive material and intellectual phenomena from opposing but not contradictory perspectives Moreover the boundaries of genre within his wide ranging oeuvre can prove highly fluid In this study Robert James Merrett approaches Defoe's body of work using interdisciplinary methods that recognize dialectic in his verbal creativity and cognitive awareness Examining more than ninety of Defoe's works Merrett contends that this author's literariness exploits a conscious dialogue that fosters the reciprocity of traditional and progressive authorial procedures Along the way he discusses Defoe's lexical and semantic sensibility his rhetorical and aesthetic theories his contrarian theology and more Merrett proposes that Defoe's contrarian outlook celebrates a view of consciousness that acknowledges the brain's bipartite structure and in so doing illustrates how cognitive science may be applied to further explorations of narrative art
