Created by Congress in 1953 the SBA does not conform to traditional interpretations of interest group democracy Even though the public and Congress favors small enterprise there has never been a unified group of small business owners requesting the government's help Indeed the SBA often has failed to address the real problems of Mom and Pop shop owners fueling the ongoing debate about the agency's viability *Reforming China* Sen Peng, 2010-09-01 This book offers an in depth study of the historical background to China's economic reforms and analyzes the reforms process with reference to the experiences of different countries It studies the resultant changes in belief and ideology as well as the c **American Capitalism and the Changing Role of Government** Harry G.
