THE INSPIRATION OF SCRIPTURE

Paul J. Achtemeier

The Inspiration Of Scripture Problems And Proposals

B. A. Gerrish

The Inspiration Of Scripture Problems And Proposals:

The Inspiration of Scripture Paul J. Achtemeier, 1980 Christians generally agree that the Scriptures are inspired and that this doctrine is of basic importance But how is the doctrine of inspiration to be understood and what does it mean for our Christian faith Paul Achtemeier shows how recent knowledge of the way the Scriptures were formed raises problems in regard to the traditional understanding of inspiration In response he presents possibilities for a new approach to inspiration that is compatible with recent critical discoveries and allows the Bible to continue to play a meaningful role He deals with liberal and conservative views specific contradictions in the Bible and what the Bible says about itself A perceptive study *The Inspiration of Scripture* proposes a view of inspiration that makes sense for today and probes its implications for the believer and the believing community

Collected Writings on Scripture D. A. Carson, 2010-07-01 God's Word has always had enemies but in recent years the inspiration and authority of Scripture have been attacked with renewed vigor Respected scholar D A Carson has written widely on the nature of Scripture over the past thirty years and here presents a timely collection of his work in two parts In part 1 Carson selects essays written on such themes as how to interpret the Bible recent developments in the doctrine of Scripture unity and diversity in the New Testament and redaction criticism Presenting a theologically balanced and confessional perspective Carson defines the terms of a number of debates critiques interpretive methods and theories and suggests positive guidelines for future action Part 2 presents critical reviews of nine books dealing with the inspiration and authority of Scripture Though substantial in content Carson's detailed reviews will foster careful thought and perspective in those who are relatively new to the debates surrounding biblical inspiration and authority This volume is a diverse collection that will prove to be a helpful resource to both seasoned pastors and scholars and those who are just starting serious study of the Bible

Evangelical Theories of Biblical Inspiration Kern Robert Trembath, 1987-12-03 The inspiration of the Bible is central to Christian faith yet there is no general agreement on the nature of this inspiration In this provocative book Kern Robert Trembath reviews seven major evangelical explanations of inspiration and demonstrates that all either view the Bible itself as the actual recipient of inspiration or explain biblical authority on grounds more appropriate to the doctrine of God in effect investing the Bible with characteristics that properly belong only to God Building on the work of William Abraham Trembath constructs his own theory of inspiration one that regards inspiration as a tripartite concept involving the elements of initiator means and receiver He insists that only a human being can be the recipient of inspiration and that the Bible must therefore be understood as the means rather than the end of the process He goes on to articulate a new definition of biblical inspiration as a mediated enhancement of human experience by God through the Bible and argues that this new understanding of inspiration is most compatible with a Thomistic doctrine of God which insists that God's acts are mediated through the world rather than immediately occurring in it

From Sacred Story to Sacred Text James A. Sanders, 2000-06-14

The Big Idea of Biblical Preaching Keith Willhite, Scott M.

Gibson, 2003-02-01 Since 1980 Haddon Robinson has influenced generations of students and preachers through his widely used classic text *Biblical Preaching* in which he shows preachers how to communicate the Bible's big ideas with precision. But does Robinson's big idea approach to expository preaching still work in today's diverse cultures and fast-paced world? *The Big Idea of Biblical Preaching* now in paperback presents a strong defense of the ongoing relevance of this approach to expository preaching. An experienced and skilled group of contributors to this volume includes Paul Borden, Scott M. Gibson, Duane Litfin, Terry Mattingly, John Reed, Bruce L. Shelley, Donald R. Sunukjian, Joseph M. Stowell III, Bruce K. Waltke, Scott Wenig, and Keith Willhite. This volume is written not only for the current generation of students but also for today's preachers who will find in the pages of this book a powerful approach to expository preaching. **The Bible and the Moral Life**

Charles Freeman Sleeper, 1992-01-01 The Bible helps to shape our understanding of Christian responsibility. Sleeper shows how various church bodies use the Bible to speak to specific contemporary ethical issues and deals directly with the question of the authority of the Bible by taking up the teaching of four basic styles of moral reflection: law, prophecy, apocalypse, and wisdom. Includes practical exercises. Introducing the New Testament

Joe Blair, 1994-06-07 Helps students understand the New Testament by introducing its contents and principles for its interpretation. **The Authoritative Word**

Donald K. McKim, 1998-05-22 Contemporary controversies over the inspiration and authority of the Bible have left many people confused. The host of specialized studies makes it difficult for a reader to be introduced to the nature of Scripture without consulting a number of sources. **Word and Supplement**

Timothy Ward, 2002 What are Christians saying when they call the Bible the Word of God? How is that statement to be understood in relation to postmodernity's suspicion of meaning? *Word and Supplement* tackles these questions by bringing postmodern theory into critical dialogue with the often neglected doctrine of the sufficiency of Scripture. The notion of the sufficiency of a text and the contrasting idea of the supplement's which texts carry with them together provide a sharp critical tool for analysing a variety of contemporary hermeneutical and doctrinal positions. Brought into this discussion are Derrida from whom the idea of supplement is borrowed, Barth, Frei, Fish, Hirsch, Hauerwas, Gadamer, Bakhtin, Fowl, Wolterstorff, Vanhoozer, Childs, and Warfield. Building especially on descriptions of language as action, *Word and Supplement* critically reconstructs the sufficiency of Scripture as both a concept and a doctrine which must remain central to Christian theology and practice. **Christian Faith**

B. A. Gerrish, 2015-08-24 At the beginning of *Christian Faith*, B. A. Gerrish reminds us that dogmatics involves critical transmission of the Christian heritage. The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied. With that, Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty-first century. As part of his framework, Gerrish includes a critical comparison of Calvin's *Institutes of the Christian Religion* and Schleiermacher's *Christian Faith* while still paying close attention to the great cloud

of theological witnesses from across the spectrum of Christian traditions Gerrish s book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church
