Institutionalizing Interdisciplinarity and Transdisciplinarity Bianca Vienni-Baptista, Julie Thompson Klein, 2022-04-06 Institutionalizing Interdisciplinarity and Transdisciplinarity fills a gap in the current literature by systematizing and comparing a wide international scope of case studies illustrating varied ways of institutionalizing theory and practice This collection comprises three parts After an introduction of overall themes Part I presents case studies on institutionalizing Part II focuses on transdisciplinary examples

while Part III includes cross cutting themes such as funding evaluation and intersections between epistemic cultures With expert contributions from authors representing projects and programs in Asia Africa Australia Europe Russia and South Caucuses Latin and North America this book brings together comparative perspectives on theory and practice while also describing strategies and models of change Each chapter identifies dimensions inherent in fostering effective and sustainable practices Together they advance both analysis and action related challenges The proposed conceptual framework that emerges supports innovative practices that are alternatives to dominant academic cultures and approaches in pertinent disciplines fields professionals and members of government industry and communities Applying a comparative perspective throughout the contributors reflect on aspects of institutionalizing interdisciplinarity and transdisciplinarity as well as insights applicable to further contexts This innovative volume will be of great interest to students scholars practitioners and members of organizations promoting and facilitating interdisciplinary and transdisciplinary research **Public**

Administration Jos C. N. Raadschelders, 2011-10-27 Public administration seeks to develop a comprehensive understanding of the internal structure and functioning of government in all its complexity and its interaction with society and its citizens Public Administration The Interdisciplinary Study of Government provides an account of the discipline considering its history growth boundaries and underlying assumptions It tracks the emergence of the field against a background of the expanding conception of the state and the growth of public services and situates it within the three branches of knowledge natural sciences social sciences and humanities It maps out the sources of knowledge of public administration and how this is fragmented within the discipline s specializations the social sciences and government and society at large It examines how leading authors map the discipline the application of different theories the associated schools of thought and intellectual debates and the role of knowledge integration Scholars in public administration have initiated much debate as to whether it should be treated as a science a craft or profession or an art This book argues that to develop a comprehensive understanding of government and its complexity requires a truly interdisciplinary approach **The Study of Politics and**

Education ,1980 Politics and Kinship Erdmute Alber, Tatjana Thelen, 2021-12-15 Politics and Kinship A Reader offers a unique overview of the entanglement of these two categories in both theoretical debates and everyday practices The two despite many challenges are often thought to have become separated during the process of modernisation Tracing how this notion of separation becomes idealised and translated into various contexts this book sheds light on its epistemological limitations Combining otherwise distinct lines of discussion within political anthropology and kinship studies the selection of texts covers a broad range of intersecting topics that range from military strategy DNA testing and child fostering to practices of kinning the state Beginning with the study of politics the first part of this volume looks at how its separation from kinship came to be considered a modern phenomenon with significant consequences The second part starts from kinship showing how it was made into a separate and apolitical field an idea that would soon travel and be translated globally into

policies The third part turns to reproductions through various transmissions and future making projects Overall the volume offers a fundamental critique of the epistemological separation of politics and kinship and its shortcomings for teaching and research Featuring contributions from a broad range of regional temporal and theoretical backgrounds it allows for critical engagement with knowledge production about the entanglement of politics and kinship The different traditions and contemporary approaches represented make this book an essential resource for researchers instructors and students of anthropology
