The Idea of Biblical Poetry James L. Kugel, 1981 **The Idea of Biblical Poetry** James Kugel, 1998-06-26 The story of how each age understood the nature biblical poetry Kugel concludes is a key to understanding the Bible's place in the history of Western thought **The Idea of Biblical Poetry** James L. Kugel, The War Between the Two Beasts and the Two Witnesses Antoninus King Wai Siew, 2005-11-01 Siew seeks to examine the events that will unfold within the three and a half years before the dawn of the kingdom of God on earth He argues that John composed the textual unit of Rev 11 1 14 5 as a coherent and unified literary unit structured in a macro chiasm He pays special attention to the fusion of form and content and seeks to elucidate how the concentric and chiasmic pattern informs the meaning of the literary units within 11 1 14 5 and proposes that the text of 11 1 14 5 is best analyzed using Hebraic literary conventions devices and compositional techniques such as chiasm parallelism parataxis and structural parallelism The macro chiasmic pattern provides the literary structural framework for John to portray that the events of the last three and a half years unfold on earth as a result of what transpires in heaven Specifically the war in heaven between Michael and the dragon has earthly ramifications The outcome of the heavenly war where Satan is defeated and thrown out of heaven to earth results in the war on earth between the two beasts of Rev 13 and the two witnesses of Rev 11 The narrative of the war in heaven 12 7 12 is seen as the pivot of the macro chiasmic structure Siew pays close attention to the time period of the three and a half years as a temporal and structural marker which functions to unite the various units in 11 1 14 5 into a coherent and integral whole The events of the last days will be centred in Jerusalem **Zephaniah's Oracles against the Nations** Ryou, 2021-08-30 Zephaniah's Oracles against the Nations deals with exegetical methods as well as their application to the text The first part of the book examines the Hebrew text from the viewpoint of synchrony employing insights from modern linguistic and literary theory Such important concepts as text grammar textual hierarchy communicational and actantial analysis on the one hand and prosodic hierarchy and Hebrew versification on the other emerge from this discussion The second part of the book discusses diachronical matters such as the redactional process its theological and pastoral significance and the hermeneutical implications of such diachronical study Of special interest are the additional sections on the issues of the so called woe cry and oracles against the nations in the Old Testament This timely study is particularly useful for those interested in the linguistic analysis and literary interpretation of the Hebrew Bible *Sacred Conjectures* John Jarick, 2007-08-01 1753 saw the publication of two major works of Old Testament scholarship Robert Lowth's *On the Sacred Poetry of the Hebrews* and Jean Astruc's *Conjectures on Genesis* published anonymously when Astruc was Professor of Medicine at the College Royal in Paris Both these works have had considerable repercussions in biblical study down to the present day Indeed they may be said to have inaugurated modern critical approaches to biblical poetry and prose respectively of the Old Testament To mark and reflect upon the 250th anniversary of the publication of these volumes the University of Oxford hosted a *Sacred Conjectures*

conference in 2003 An international group of scholars gathered to discuss the context and legacy of Lowth's and Astruc's seminal contributions to the field of biblical scholarship the majority of the papers presented at the conference appear in this volume The collection aims to provide for Lowth and Astruc not only an account and evaluation of their life and work but also an understanding of the wider intellectual context of their scholarship and the reception and influence of their work ever since

Scriptural Allusions and Exegesis in the Hodayot Julie Hughes, 2018-11-01 It has long been noted that the Thanksgiving Hymns Hodayot from Qumran make extensive use of biblical language A premise of this study of their use of scripture is that these compositions can best be understood by reading them as poetry Using insights from the fields of comparative literature and biblical studies it establishes a method for analysis of the poems and for identification and analysis of scriptural allusions Five poems have been chosen for detailed study The question is asked how would a reader familiar with the scriptural traditions of the period interpret these poems and why The first chapter gives a useful overview of the scholarship to date and indicates the new avenues explored by this study
