The Importance Of Being Earnest Dodo Press:

On Marriage Devorah Baum, 2023-10-24 A compulsively readable startling and philosophically rich book about marriage from an acclaimed critic and filmmaker Baum is an erudite and entertaining guide through the landscape of marriage A fascinating exploration Stephanie Merritt The Guardian As far back as our history books go we have no record of a time preceding marriage Isn't that an extraordinary fact So writes Devorah Baum in this searching and revelatory book Marriage for better or for worse is how humans have organized their world and told their story Straight queer coupled single none live outside the remit of marriage One might as well try to live beyond language But when confronted with the question What do intellectuals think of marriage Baum concludes that most philosophers have preferred to avoid the subject Is marriage then an intellectual blind spot To fill in the gaps she draws on a wide range of cultural material from the classical to the contemporary while interweaving reflections on her own experiences of matrimony to both critique and celebrate marriage's many contradictions and its profound effects on us all In doing so she reveals how marriage has worked as a cover story for power and its abuses on the one hand and for subversive and even utopian relational practices on the other Entertaining illuminating consoling and candid On Marriage is an unprecedented investigation of what we are really talking about when we talk about marriage
