K. Rosen,2008-02-15 Since its inception the story of the apocalypse has been used as a means by which to understand the world and one's place in it The appeal of the apocalyptic myth is largely rooted in its ability to make sense of instances of crisis by incorporating those crises into a larger plan for history and an end of time that God has planned Apocalypse is both an organizing principle to be imposed on an overwhelming seemingly disordered universe and a fundamentally moral story which offers hope of a new world where good and evil can be clearly delineated and addressed But all of the traditional functions and comforts of the apocalyptic myth are challenged when the myth collides with postmodernism The characteristics that define a work as postmodern ultimately destabilize the traits that make the apocalyptic myth unique Using the work of Terry Gilliam Don DeLillo Kurt Vonnegut and other writers in the genre *Apocalyptic Transformation* examines the collision of the postmodern mode and the apocalyptic myth explores the process of secularizing this religious story and the reasons for doing so and asks the question What happens when an author undermines the grand narrative of the apocalypse *The Power of Persuasion, Second Edition* Harry Hazel,2005-07-19 Persuasion is a powerful tool Attorneys

use it to win cases Politicians practice the art to harvest votes Salespeople and advertisers rely on it to sell everything from soap to skyscrapers Preachers weave persuasion into their sermons Parents try to motivate children and children try to influence their parents Persuasion can help or hurt It can help people land a job earn a living or get a friend through a tough time But it can also make the unwary spend more money than they should and get them tangled in commitments they don't want to make *The Power of Persuasion* examines persuasion from two perspectives how does effective persuasion work and what can be done to protect oneself from unwanted forms of influence Topics include Part I The secret of successful persuasion Why image or ethos is so important The emotional hook Why is it so effective Logical persuasion When to use it Self motivation methods Part II Knowing when and how to resist advertising and sales Contending with cults What to do about the power of film and television Political persuasion What to watch for The link between persuasion and ethics
