Sleepers Joining Hands Robert Bly, 1973      **Jungian Literary Criticism** Richard P. Sugg, 1992      **Robert Bly** Howard Nelson, 1984-04-16 Robert Bly      The Incorporative Consciousness of Robert Bly Victoria Frenkel Harris, 1992 Victoria Frenkel Harris traces the aesthetic journey of poet Robert Bly from his early structured works of mystical imagery and lyrical landscapes to his recent explorations of intimate relationships and male socialization Examining the various ways Bly's prose poems articulate his opposition to the Vietnam War and his recent writings manipulate more formal patterns in detailing the intricacies of human relationships Harris labels this evolution in form subject and imagery the incorporative consciousness incorporative because it assimilates Jungian psychological categories international poetic traditions and a compelling breadth of topics Harris relies in part on contemporary feminist theory to throw revealing new light on Bly's recent works Though sympathetic to Bly Harris finds that in spite of his affirmation of the interaction of psychic creative and intellectual energies in both sexes the poet's later erotic poems tend to objectify women in counterproductive ways Bly's idealization of woman as a Jungian universal Harris contends can blind him toward actual women Harris is at her best as she delimits with balance and precision the full complexity of the poet's work      The Time Falling Bodies Take to Light William Irwin Thompson, 1996-04-15 In the opening passages of his classic book *The Time Falling Bodies Take to Light* William Irwin Thompson asks the question But what is myth that it returns to mind even when we would most escape it Acknowledging the pervasive power of myth to create and inform culture Thompson answers this question by weaving descriptions of the human abilities to create life and to communicate through symbolic myths based on male and female forms of power Taking us from the earliest periods of prehistory through the time of female goddess worship to the rise of the male dominated warrior state Thompson shows the passage of humankind's relationship to nature from initial awe to persistent conquest At the end of his journey Thompson finds an answer to his original question myth is the history of the soul its creation is ongoing and its power is never ending This is a beautiful and fascinating book now being reissued for a new generation of readers as well as for those it inspired originally      **Stealing Sugar From the Castle** Robert Bly, 2013-09-16 From 1950 through the present this collection of monumental work from the voice of transcendentalism and meditative mysticism for his generation celebrates the uncanny beauty of the everyday      **A Poverty of Objects** Jonathan Monroe, 2019-05-15 The prose poem Jonathan Monroe asserts is the genre that does not want to be itself In his view the dominant literary historical role of the prose poem has been to test the limits of generic constraints Monroe here undertakes a comparative and historical investigation of the problematic relationship between prose and poetry and of the development of the prose poem over the past two centuries      The Cambridge Companion to Rilke Karen Leeder, Robert Vilain, 2010-01-21 A collection of specially commissioned essays providing an overview of the life works and contexts of this important modernist poet      **The Enemy is Within** Helen Efthimiades-Keith, 2021-10-01 Efthimiadis Keith addresses questions of the historicity of the book of Judith using a more

subjective definition of truth than simple fact or fiction she interprets the text through Jungian methodology as a dream of the unconscious psyche of the Jewish people true in its reflection of their collective identity at the time of the text's composition The author merges Terrence Dawson's literary theory concerning the discernment of the effective protagonist of a narrative with Jungian's method of dream interpretation to analyze the text subjectively from the effective protagonist's point of view The author then extrapolates the book's contents onto a hypothetical historical situation to contextualize the book within the Jewish identity and uses her findings to conduct objective analysis The Cambridge Companion to Modern American Poetry Walter Kalaidjian, 2015-01-19 The Cambridge Companion to Modern American Poetry offers a critical overview of major and emerging American poets of the twentieth century **The Cambridge History of American Literature: Volume 8, Poetry and Criticism, 1940-1995** Sacvan Bercovitch, Cyrus R. K. Patell, 1994 Multi volume history of American literature **Diane Stein's Guide to Goddess Craft** Diane Stein, 2011-11-23 Originally published as The Women's Spirituality Book this guide describes the beliefs and practices of the Goddess craft as it relates to the daily lives of women It emphasizes achieving power and control through healing visualization Tarot and the women's I Ching Diane Stein teaches the specific techniques the craft of this worship encouraging women to become leaders in the transformation of the world into a safer gentler place for all *Critical Survey of Poetry* Philip K. with visionary perception and sensitivity he examines the Mayan Aztec and other related cultures from the perspective of that region's shifting understanding of the human soul. A profoundly spiritual and ecological thread runs through this enlightening work like a river. Despite their amazing achievements, these civilizations eventually crumbled because they lost touch with their sense of community, their true natures, and their environments. Above all, Tompkins vividly reveals how violence became a deeply flawed but powerful strategy for accessing the ever-retreating realm of the spirit, which had once guided and directed human life.
