The Synchronic and Diachronic Phonology of Ejectives Paul D. Fallon, 2013-12-16 This study is the first book length examination of ejectives and their phonological patterning deepening the empirical understanding of ejectives and contributing to both phonological theory and to typologies of sound change **The Prophecy That Is Shaping History** Jon Mark Ruthven, Jon Ruthven, 2003 Millions of Jews Christians and Muslims believe that a 2 500 year old prophecy is about to be fulfilled a global apocalyptic jihad of many nations against the tiny state of Israel whose recent re emergence in its traditional land has sparked unrelenting rage and attack Repeated resolutions passed in the United Nations reflect world wide and nearly unanimous hostility against the so called Zionist entity even to the point of denying its right to exist Most news media and political analysts seem unaware of the ancient prophecy that not only predicts this apocalyptic war but also amazingly how this prophecy by Ezekiel chapters 36-44 provides the scenario for numerous best selling books in both the English speaking and Muslim worlds These best sellers not only describe this great conflagration but actually also motivate their readers to prepare for it The Prophecy That Is Shaping History represents a major advance in research and scholarship in examining the historical and contemporary impact of Ezekiel's prophecy on world events This academic monograph also offers a wealth of new evidence in tracing the identities origins and ultimate destinies of the key nations of Ezekiel's prophecy who are seen to participate in what millions believe will be the most horrific battle the world will ever witness
