The Individual And World Need:

The Individual and World Need Eberhard Arnold, 1993 One of Arnold's most compelling works this essay explores the relationship of the individual to world sin and suffering and directs us clearly to a solution Enlivened by a wide variety of anecdotal illustrations from the ancient myth of Prometheus to the expressionist Franz Werfel Arnold's message is simple but revolutionary only by overcoming the cancerous selfishness of individualism can we overcome the need of the world and enter into a life of unity and love It is the old truth He that loses his life shall find it *America and the Entire World Need YOU to Know to Spread the Word* O.Y. ven Ghaydle, 2022-11-03 This fictionalized novel reveals disturbing earlier and recent true mainly American history not the propagandized mainstream versions The reader will be able to consult sources named in this book to judge for him or herself the validity of the information We are living in unprecedented times Government international and other big banks and corporations and the ultra wealthy elites behind it all have been affecting the quality of our lives without us even knowing that we do not know it Likely most people have no idea of what is going on at aEURO higher levels aEUR of authority and power throughout the world and aggressively in Europe and in America which is their last major obstacle but which some claim is already aEURO lost aEURO We are in a very serious ever greater freedom threatening situation with potentially more catastrophic results Each individual person YOU need to know about these matters so we can take appropriate action to spread the word and change what has been developing and going on for over a century We need to get back to demanding a return to original Constitutional and individual state rights being very sure to elect members who have this focus The achievement of this aim requires the involvement of the current adult generations and the upcoming generations such as the characters in this novel The author has diligently attempted to accurately summarize and capture the truths in material from hundreds of articles from the cited sources and others and from God's Holy Word *The Fundamentals* Torrey, R.A., 2015-02-28 This one volume contains all 12 volumes 90 essays of the original work There is a linked table of contents to each of them *The Fundamentals A Testimony To The Truth* is a set of 90 essays published from 1910 to 1915 by the Bible Institute of Los Angeles The essays were designed to affirm among other things conservative Protestant beliefs especially those of the Reformed tradition and defend against ideas deemed inimical to them They are widely considered to be the foundation of modern Christian fundamentalism The essays set out what was believed to be the fundamentals of Christian faith The volumes defended orthodox Protestant beliefs and attacked higher criticism liberal theology Catholicism socialism Modernism atheism Christian Science Mormonism Millennial Dawn Spiritualism and evolutionism Listed here is just some of the essay *The Virgin Birth of Christ* James Orr *The Deity of Christ* Benjamin B Warfield *The Purposes of the Incarnation* G Campbell Morgan *The Personality and Deity of the Holy Spirit* R A Torrey *The Proof of the Living God* Arthur T Pierson *History of the Higher Criticism* Dyson Hague *A Personal Testimony* Howard A Kelly *The Testimony of the Monuments to the Truth of the Scriptures* George Frederick Wright *The Recent Testimony of*
