The Inner God:

Your Inner God Carmina Harr,2014-11-07 I can certainly state that writing can change your life It is one of the therapies I practised and it had very good results That is how I began to write the book Initially out of impulse Afterwards I realized how much it helped me writing everything I felt in my heart The miracle offered by writing is that you get the answers to all your questions Those questions to which only your heart can answer Once you find answers to everything you did not even think you would come up with solutions you are absolutely healed I feel that only a person completely healed can help the others The rest is just dust in the wind The message of the book is practically beyond words If you open yourself the God within you will write with your own hand everything your mind would not even think possible A few words about me Following my inner transformation I have become what I am now What are the fundamental features that define me I am a determined woman very active I relish the experiences full of action I always know what I want and where I want to get I act for what I want I am an expansive woman full of life I attract people around me by the intelligence and refinement I have I am attracted to powerful persons with a sparkling intelligence I have spiritual aspirations and I have the spontaneous quality of leading those around me on the path of self discovery

The Inner God and Happiness Pekka Ervast,2018-07-26 Finnish Theosophist Pekka Ervast shows us in a consistent way how a person seeking truth can get a personal experience of God s existence and how God loves him or her and all people with constant and unalterable love God lives inside every human being and with this Inner God we can be happy in the circumstances that we are in right now Happiness is not a reward one gains after a struggle but it is the purpose of human life The only way out of illnesses worries vices and the feeling of loneliness is faith in life itself and one s mission in life It is the only remedy which helps with everything Faith is regular meditation or prayer through which one begins to understand that the purpose of life is to be of help to others

The Inner Man Jonah Awodeyi,2013-04-17 This book is about the human being in its entirety as present in the scripture to enable Christian believers to understand the work of salvation in Christ Jesus Understandably it is a common knowledge that mankind consists of three components which are spirit soul and body or spirit mind and body but not many understand the spiritual implication of these components with regard to God s divine plan to rescue us from His wrath and destruction Obviously we all understand what the body stands for but not what the new testament writers refer to as the flesh we may also have an idea of what the soul mind and spirit stands for but not what Jesus meant by the heart or apostle Paul s teaching on the innerman the inner person or the inner being Many may have settled for the conception of a person s ghost trapped or entrapped somewhere in the galaxy yet lack

the understating of God's creation of human being The purpose of this book therefore is to examine this biblical facts regarding the inner man Unlocking The Inner God Within You Antonio Stukes, Sr,2024-04-25 This program book was created to help spiritual beings living the human experience to operate at the highest level they were meant to operate at This book program helps people to transition their mindset from always thinking in a logical carnal mindset to an illogical spiritual mindset Whether you are a principal teacher head coach chief of police police sergeant police officer fireman business owner or hold any other leadership role this program will help you to excel in whatever profession or leadership role you are working in The Water God's Temple of the Guangsheng Monastery Anning Jing,2021-10-01 An investigation of the myth history inscriptions architecture sculpture painting iconological program festival rituals and theater of the only known intact ancient dragon king temple in China **Communion with God** Mark Virkler,Patti Virkler,1990-12 **I Want You to Be** Tomáš Halík,2016-08-15 In his two previous books translated into English *Patience with God* and *Night of the Confessor* best selling Czech author and theologian Tom Halík focused on the relationship between faith and hope Now in *I Want You to Be* Halík examines the connection between faith and love meditating on a statement attributed to St Augustine *amo volo ut sis* I love you I want you to be and its importance for contemporary Christian practice Halík suggests that because God is not an object love for him must be expressed through love of human beings He calls for Christians to avoid isolating themselves from secular modernity and recommends instead that they embrace an active and loving engagement with nonbelievers through acts of servitude At the same time Halík critiques the drive for mere material success and suggests that love must become more than a private virtue in contemporary society *I Want You to Be* considers the future of Western society with its strong division between Christian and secular traditions and recommends that Christians think of themselves as partners with nonbelievers Halík's distinctive style is to present profound insights on religious themes in an accessible way to a lay audience As in previous books this volume links spiritual and theological philosophical topics with a tentative diagnosis of our times This is theology written on one's knees Halík is as much a spiritual writer as a theologian *I Want You to Be* will interest both general and scholarly readers interested in questions of secularism and Christianity in modern life **Kierkegaard and the Changelessness of God** Craig A. Hefner,2023-08-22 Living what he perceived to be a culturally lukewarm Christianity Søren Kierkegaard was often critical of his contemporary church This volume explores his reading of Scripture and theology to argue not only that he was a modern defender of the doctrine of divine immutability but that his theology can be a surprising resource today A God of One's Own Ulrich Beck,2010-09-14 Religion posits one characteristic as an absolute faith Compared to faith all other social distinctions and sources of conflict are insignificant The New Testament says We are all equal in the sight of God To be sure this equality applies only to those who acknowledge God's existence What this means is that alongside the abolition of class and nation within the community of believers religion introduces a new fundamental distinction into the world the distinction between the right kind of believers and the wrong

kind Thus overtly or tacitly religion brings with it the demonization of believers in other faiths The central question that will decide the continued existence of humanity is this How can we conceive of a type of inter religious tolerance in which loving one s neighbor does not imply war to the death a type of tolerance whose goal is not truth but peace Is what we are experiencing at present a regression of monotheistic religion to a polytheism of the religious spirit under the heading of a God of one s own In Western societies where the autonomy of the individual has been internalized individual human beings tend to feel increasingly at liberty to tell themselves little faith stories that fit their own lives to appoint Gods of their own However this God of their own is no longer the one and only God who presides over salvation by seizing control of history and empowering his followers to be intolerant and use naked force
