The Insular Tradition Suny Series In Medieval Studies:

The Insular Tradition Catherine E. Karkov, Robert T. Farrell, Michael Ryan, 1997-10-30 A generously illustrated collection The Insular Tradition explores the various ways in which tradition becomes part of our definition of insular culture and cultural history The essays are the outcome of a conference held within the Medieval Academy of America meeting at Kalamazoo in 1991 Scholars from America Scandinavia Britain and Ireland came together to discuss the latest research on the remarkable Christian art which flourished among the Celtic and Anglo Saxon peoples in the Early Medieval Period New discoveries and a renewed research interest are shedding light on the splendid manuscript illuminations sculpture and metalwork of the time Historical sources are reanalyzed and together with modern approaches to interpretation provide fascinating new insights into the social economic and spiritual background of the creative artists This book presents a number of challenging reinterpretations of landmark achievements such as the Book of Kells the Irish High Crosses and the enigmatic symbolic and decorative systems of the Pictish people of Scotland The contributors discuss the processes of creativity the way in which influences are transmitted the cross fertilization of the arts in different media and the role of trade and exchange and of the patron Extensive illustrations some of them difficult to source elsewhere and comprehensive up to date bibliographies make the volume especially useful to those wishing to find a suitable point of entry into this expanding and ever changing field Medieval Insular Literature Between the Oral and the Written, II Hildegard L. C. Tristram, 1997 **Women Medievalists and the Academy** Jane Chance, 2005 Pioneering An important and timely collection that profiles the lives and professional careers of women medievalists in the last centuries Maureen Mazzaoui University of Wisconsin Madison *Image and Power in the Archaeology of Early Medieval Britain* Helena Hamerow, Arthur MacGregor, 2017-02-28 Rosemary Cramp s influence on the archaeology of early Medieval Britain is nowhere more apparent than in these essays in her honor by her former students Monastic sites Lindisfarne and Whithorn are the inspiration for Deirdre O Sullivan s and Peter Hill s papers Chris Loveluck discusses the implications of the findings from the newly discovered settlement at Flixborough in Lincolnshire Nancy Edwards describes the early monumental sculpture from St David s in South Wales Martin Carver reviews the politics of monumental sculpture and monumentality and Catherine Hills reassesses the significance of imported ivory found in graves Richard Bailey Christopher Morris and Derek Craig top and tail the book with tributes to Rosemary Cramp and a bibliography of her work Aesthetics and the Incarnation in Early Medieval Britain Tiffany Beechy, 2023-06-15 This rich study takes Insular art on its own terms revealing a distinctive and unorthodox theology that will inevitably change how scholars view the long arc of English piety and the English literary tradition Drawing on a wide range of critical methodologies *Aesthetics and the Incarnation in Early Medieval Britain* treats this era as a contact zone of cultural clash and exchange where Christianity encountered a rich amalgam of practices and attitudes particularly regarding the sensible realm Tiffany Beechy illustrates how local cultures including the Irish learned

tradition received the Word that was made flesh the central figure of Christian doctrine in distinctive ways the Word for example was verbal related to words and signs and was not at all ineffable Likewise the Word was often poetic an enigma and its powerful presence was not only hinted at as St Augustine would have it but manifest in the mouth or on the page Beechy examines how these Insular traditions received and expressed a distinctly iterable Incarnation Often disavowed and condemned by orthodox authorities this was in large part an implicit theology expressed or embodied in form such as art compilation or metaphor rather than in treatises Beechy demonstrates how these forms drew on various authorities especially important to Britain Bede Gregory the Great and Isidore most prominent among them Beechy's study provides a prehistory in the English literary tradition for the better known experimental poetics of Middle English devotion The book is unusual in the diversity of its primary material which includes visual art including the Book of Kells obscure and often cursorily treated texts such as Adamnan's *De locis sanctis* On the holy lands and the difficult esoterica of the wisdom tradition

Women Medievalists and the Academy, Volume 2 Jane Chance, 2018-05-22 Long overlooked in standard reference works pioneering women medievalists finally receive their due in *Women Medievalists and the Academy* This comprehensive edited volume brings to life a diverse collection of inspiring figures through memoirs biographical essays and interviews Covering many different nationalities and academic disciplines including literature philology history archaeology art history theology or religious studies and philosophy each essay delves into one woman's life intellectual contributions and efforts to succeed in a male dominated field Together these extraordinary personal histories constitute a new standard reference that speaks to a growing interest in women's roles in the development of scholarship and the academy The collection begins in the eighteenth century with Elizabeth Elstob and continues to the present and includes among more than seventy profiles such important figures as Anna Jameson Lina Eckenstein Georgiana Goddard King Eileen Power Dorothy L Sayers Dorothy Whitelock Susan Mosher Stuard Marcia Colish and Caroline Walker Bynum among others

A New History of Ireland: Prehistoric and early Ireland Theodore William Moody, Francis X. Martin, Francis John Byrne, 1976 In this first volume of the Royal Irish Academy's multi volume *A New History of Ireland* a wide range of national and international scholars in every field of study have produced studies of the archaeology art culture geography geology history language law literature music and related topics that include surveys of all previous scholarship combined with the latest research findings to offer readers the first truly comprehensive and authoritative account of Irish history from the dawn of time down to the coming of the Normans in 1169 Included in the volume is a comprehensive bibliography of all the themes discussed in the narrative together with copious illustrations and maps and a thorough index

The Insular Tradition Catherine E. Karkov, Michael Ryan, Robert T. Farrell, Robert T. Farrell, 1997-01-01 A breadth of interdisciplinary voices discuss how geographical insularity specifically that of Britain and Ireland has affected artistic tradition
