Encyclopedia of Comic Books and Graphic Novels M. Keith Booker,2010-05-11 The most comprehensive reference ever compiled about the rich and enduring genre of comic books and graphic novels from their emergence in the 1930s to their late century breakout into the mainstream. At a time when graphic novels have expanded beyond their fan cults to become mainstream bestsellers and sources for Hollywood entertainment, *Encyclopedia of Comic Books and Graphic Novels* serves as an exhaustive exploration of the genre's history, its landmark creators and creations, and its profound influence on American life and culture. *Encyclopedia of Comic Books and Graphic Novels* focuses on English language comics, plus a small selection of influential Japanese and European works available in English, with special emphasis on the new graphic novel format that emerged in the 1970s. Entries cover influential comic artists and writers such as Will Eisner, Alan Moore, and Grant Morrison; major genres and themes; and specific characters, comic book imprints, and landmark titles, including the pulp noir *100 Bullets*, the post-apocalyptic *Y: The Last Man*, the revisionist superhero drama *Identity Crisis*, and more. Key franchises such as *Superman* and *Batman* are the center of a constellation of related entries that include graphic novels and other imprints featuring the same characters or material. *Marvel Graphic Novels and Related Publications* Robert G. Weiner,2008-09-18 This work provides an extensive guide for students, fans, and collectors of Marvel Comics. Focusing on Marvel's mainstream comics, the author provides a detailed description of each comic along with a bibliographic citation listing the publication's title, writers, artists, publisher, ISBN (if available), and a plot synopsis. One appendix provides a comprehensive alphabetical index of Marvel and Marvel-related publications to 2005, while two other appendices provide selected lists of Marvel-related game books and unpublished Marvel titles. *The Incal* Alexandro Jodorowsky,2005 Moebius, the internationally acclaimed illustrator of countless graphic novels and film designer for *Alien*, *Blade Runner*, and *The Fifth Element*, first influenced a generation with *The Incal*. John Difoole, a low-class detective in a degenerate world, finds his life turned upside down when he discovers an ancient artifact called *The Incal*. Difoole's adventures will bring him into conflict with the galaxy's greatest warrior, The Metabaron, and will pit him against the awesome powers of the Technopriests.
