Sitting Bull Stanley Vestal,2014-12-17 If that is Long Hair I am the one who killed him White Bull the young nephew of Sitting Bull said when Bad Juice pointed out Custer s body immediately after the Battle of the Little Big Horn Yet it was Sitting Bull who acquired the notoriety and was paraded in Buffalo Bill s Wild West Show as the warrior who killed Custer But this new edition of Stanley Vestal s classic biography of the famous chief emphasizes that Sitting Bull s fame does not rest upon the death of Custer s five troops Had he been twenty miles away shooting antelope that morning he would still remain the greatest of the Sioux The stirring account of the death throes of a mighty nation and its leader is the story of the greatest of the Sioux and his struggle to keep his people free and united The Sioux were formidable warriors as attested to by men who fought against them like General Anson Mills who said They were the best cavalry in the world their like will never be seen again but they were up against an overwhelming tide of soldiers homesteaders and bureaucrats Sitting Bull fought long and hard and He was a statesman one of the most farsighted we have had but statesmanship could not prevail against such odds This powerful biography of Sitting Bull is brought to a new generation of readers in h a new and expanded edition for much new material had been added to the original edition published in 1932 that could not be disclosed while the informants were still living Sitting Bull is a moving account of the epic courage of one man in the face of his inevitable defeat as the last defender of his people s rights **American Frontiers** Gregory H. The Fatal Environment Richard Slotkin, 2024-01-23 A two time National Book Award finalist's ambitious and provocative look at Custer's Last Stand capitalism and the rise of the cowboys and Indians legend The New York Review of Books In *The Fatal Environment* historian Richard Slotkin demonstrates how the myth of frontier expansion and subjugation of Native Americans helped justify the course of America's rise to wealth and power Using Custer's Last Stand as a metaphor for what Americans feared might happen if the frontier should be closed and the savage element be permitted to dominate the civilized Slotkin shows the emergence by 1890 of a mythos redefined to help Americans respond to the confusion and strife of industrialization and imperial expansion A clearly written challenging and provocative work that should prove enormously valuable to serious students of American history The New York Times An arresting hypothesis Henry Nash Smith American Historical Review
