Brown,Juan Carlos Flores,2010-03-23 The Middle Ages is often viewed as a period of low intellectual achievement The name itself refers to the time between the high philosophical and literary accomplishments of the Greco Roman world and the technological advances that were achieved and philosophical and theological alternatives that were formulated in the modern world that followed However having produced such great philosophers as Anselm Peter Abelard John Duns Scotus William of Ockham Peter Lombard and the towering Thomas Aquinas it hardly seems fair to label the medieval period as such Examining the influence of ancient Greek philosophy as well as of the Arabian and Hebrew scholars who transmitted it The A to Z of Medieval Philosophy and Theology presents the philosophy of the Christian West from the 9th to the early 17th century This is accomplished through a chronology an introduction appendixes a bibliography and hundreds of cross referenced dictionary entries on the philosophers concepts issues institutions and events making this an important reference for the study of the progression of human thought

Historical Dictionary of Medieval Philosophy and Theology Stephen F. Brown,Juan Carlos Flores,2018-08-10 This second edition concentrates on various philosophers and theologians from the medieval Arabian Jewish and Christian worlds It principally centers on authors such as Abumashar Saadia Gaon and Alcuin from the eighth century and follows the intellectual developments of the three traditions up to the fifteenth century Ibn Khaldun Hasdai Crescas and Marsilio Ficino The spiritual journeys presuppose earlier human sources such as the philosophy of Plato Aristotle Plotinus and Porphyry and various Stoic authors the revealed teachings of the Jewish Law the Koran and the Christian Bible The Fathers of the Church such as St Augustine and Gregory the Great provided examples of theology in their attempts to reconcile revealed truth and man's philosophical knowledge and deserve attention as pre medieval contributors to medieval intellectual life Avicenna and Averroes Maimonides and Gersonides St Thomas Aquinas and St Bonaventure stand out in the three traditions as special medieval contributors who deserve more attention This second edition of Historical Dictionary of Medieval Philosophy and Theology contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important persons events and concepts that shaped medieval philosophy and theology This book is an excellent resource for students researchers and anyone wanting to know more about medieval philosophy and theology **Gersonides' The Wars of the Lord, Treatise Three** Levi ben Gershom,1977 **Jewish Translation History** Robert Singerman,2002-01-01 A classified bibliographic resource for tracing the history of Jewish translation activity from the Middle Ages to the present day providing the researcher with over a thousand entries devoted solely to the Jewish role in the east to west transmission of Greek and Arab learning and science into Latin or Hebrew Other major sections extend the

coverage to modern times taking special note of the absorption of European literature into the Jewish cultural orbit via Hebrew Yiddish or Judezmo translations for instance or the translation and reception of Jewish literature written in Jewish languages into other languages such as Arabic English French German or Russian This polyglot bibliography the first of its kind contains over 2 600 entries is enhanced by a vast number of additional bibliographic notes leading to reviews and related resources and is accompanied by both an author and a subject index

Christians, Muslims, and Jews in Medieval and Early Modern Spain Mark D. Meyerson, Edward D. English, 2000-08-31 The essays in this interdisciplinary volume examine the social and cultural interaction of Christians Muslims and Jews in Spain during the medieval and early modern periods Together the essays provide a unique comparative perspective on compelling problems of ethnoreligious relations Christians Muslims and Jews in Medieval and Early Modern Spain considers how certain social and political conditions fostered fruitful cultural interchange while others promoted mutual hostility and aversion The volume examines the factors that enabled one religious minority to maintain its cultural integrity and identity more effectively than another in the same sociopolitical setting This volume provides an enriched understanding of how Christians Muslims and Jews encountered ideological antagonism and negotiated the theological and social boundaries that separated them

History of Jewish Philosophy Daniel Frank, Oliver Leaman, 2005-10-20 Jewish philosophy is often presented as an addendum to Jewish religion rather than as a rich and varied tradition in its own right but the History of Jewish Philosophy explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought The links between Jewish philosophy and its wider cultural context are stressed building up a comprehensive and historically sensitive view of Jewish philosophy and its place in the development of philosophy as a whole Includes Detailed discussions of the most important Jewish philosophers and philosophical movements Descriptions of the social and cultural contexts in which Jewish philosophical thought developed throughout the centuries Contributions by 35 leading scholars in the field from Britain Canada Israel and the US Detailed and extensive bibliographies
