poet and critic His manuscripts gathered to form the major text of his new edition include passages on relatives friends and
various censorable topics omitted from the Table Talk of 1835 and unpublished until now These two volumes also contain talk
recorded by other listeners from 1798 until Coleridge s death in 1834 Some of these records have not been previously
published some are published from manuscripts that differ from versions previously known Also included are previously
unpublished remarks by Wordsworth Along with a bibliography of earlier editions of Table Talk and other useful appendixes
Carl Woodring s edition reprints the second edition 1836 which differs from the manuscripts more extensively than the
edition of 1835 THis is the first fully annotated edition of a work that long remained more popular in the United Kingdom
