modern version not just to Seneca Epictetus and Marcus Aurelius but also to the school's original founders Zeno Cleanthes and Chrysippus Inwood concludes by considering the place of Stoicism in modern life ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The Stoic Art of Living Tom Morris, Thomas V. Morris, 2004 Tom Morris's exuberant seminars and presentations to business leaders have taken the commanding heights of corporate America by storm and his books on philosophy for businesspeople have sold millions Dr Morris shows how the ideas of Stoic Philosophy which emphasizes goals like gaining command of one's passions and achieving indifference to pain and distress are completely up to date in their relevance to the practical issues people confront in the 21st century Divided into three sections Dr Morris sympathetically relates the life and intellectual achievements of the three leading Stoics the slave Epictetus the lawyer Seneca and the Roman emperor Marcus Aurelius From the bottom of society to the upwardly mobile middle and all the way to the top these thinkers saw life deeply **Three Stoic Classics** Marcus Aurelius, Epictetus, Seneca, 2020-12 The happiness of your life depends upon the quality of your thoughts Marcus Aurelius You have power over your mind not outside events Realize this and you will find strength Marcus Aurelius So it is we are not given a short life but we are wasteful of it Life is long if you know how to use it Seneca We must indulge the mind and from time to time allow it the leisure which is its food and strength Seneca Don't explain your philosophy Embody it Epictetus First say to yourself what you would be and then do what you have to do Epictetus Three Stoic Classics contains three vital works introducing this life changing philosophy The Shortness of Life is a succinct call to the pursuit of philosophy which leads to wise choices and the full life Of all men they alone are at leisure who take time for philosophy they alone really live Seneca offers piercing and profound insights into human nature and a vision of the good life summarised in his aphorism Life is long if you know how to use it Seneca elucidates many of the principles of modern productivity manuals including the wise valuing of time People are frugal in guarding their personal property but as soon as it comes to squandering time they are most wasteful of the one thing in which it is right to be stingy intentionality and rest and recreation We must go for walks out of doors so that the mind can be strengthened and invigorated by a clear sky and plenty of fresh air At times it will acquire fresh energy from a journey by carriage and a change of scene or from socializing and drinking freely Epictetus Selected Discourses is a longer meditation on the sixty principles important to pursuing the Stoic Life Beginning with the foundational principle the difference in how we relate to the things under our control our acts thoughts and desires and those not under our control our possessions position reputation Epictetus's discourses cover topics including How to maintain one's character in all circumstances Friendship Contentment Anxiety and On Dealing with Tyrants Meditations is a life changing book It contains the private meditations of the most powerful man in the Roman world the Emperor Marcus Aurelius as he wrestled
