Barron,2017-03 For thousands of years Golem Mages ruled the volcanic mountain ranges of Ingleheim but when Herrscher Heinrich declared himself F hrer he took measures to ensure he would be the last with the power to bend golems to his will Twenty years later his regime uncovers the resting place of an Alpha Golem with the power to burn the life force out of anyone caught in its destructive gaze Katja a passionate Golem Expert is tasked to help bring the Alpha under the F hrer s control She is determined to keep it out of his murderous hands and has no choice but to team up with a nameless and faceless soldier trained in the efficiently ruthless discipline of Steinkamp A word synonymous with death The pair challenge immense power but their most trying task is learning how to trust in a world where everyone is afraid of you or wants to kill you Dust jacket Bryunzet Michael W. Ayil,2024-08-26 Since the translation of the Septuagint in the 3rd century BCE scholars have attempted to identify the stones that populate the biblical text This study rejects the long standing reliance on ancient translations for identifying biblical stones Despite the evident contradictions and historical inconsistencies scholars traditionally presumed these translations to be reliable By departing from this approach this volume presents a novel synthesis of comparative linguistics and archeogemological data Through rigorous analysis of valid cognates it establishes correlations between Hebrew stone names and their counterparts in ancient languages corresponding to known mineral species This methodological shift enables a more accurate identification of stones mentioned in biblical texts thus recovering their true historical context The research not only
