Storia Della Svizzera Italiana Dal Cinque Al Settecento:

Bibliografia luganese del Settecento: Fogli, documenti, cronologia Callisto Caldelari, 1999 A Companion to Medieval and Early Modern Confraternities Konrad Eisenbichler, 2019-02-04 After the State and the Church the most well organized membership system of medieval and early modern Europe was the confraternity In cities towns and villages it would have been difficult for someone not to be a member of a confraternity the recipient of its charity or aware of its presence in the community In A Companion to Medieval and Early Modern Confraternities Konrad Eisenbichler brings together an international group of scholars to examine confraternities from various perspectives their origins and development their devotional practices their charitable activities and their contributions to literature music and art The result is a picture of confraternities as important venues for the acquisition of spiritual riches material wealth and social capital Contributors to this volume Alyssa Abraham Davide Adamoli Christopher F Black Dominika Burdzy David D Andrea Konrad Eisenbichler Anna Esposito Federica Francesconi Marina Gazzini Jonathan Glixon Colm Lennon William R Levin Murdo J MacLeod Nerida Newbigin Dylan Reid Gervase Rosser Nicholas Terpstra Paul Trio Anne Laure Van Bruaene Beata Wojciechowska and Danilo Zardin *Micro-Spatial Histories of Global Labour* Christian G. De Vito, Anne Gerritsen, 2017-09-28 This volume suggests a new way of doing global history Instead of offering a sweeping and generalizing overview of the past we propose a micro spatial approach combining micro history with the concept of space A focus on primary sources and awareness of the historical discontinuities and unevennesses characterizes the global history that emerges here We use labour as our lens in this volume The resulting micro spatial history of labour addresses the management and recruitment of labour its voluntary and coerced spatial mobility its political perception and representation and the workers own agency and social networks The individual chapters are written by contributors whose expertise covers the late medieval Eastern Mediterranean to present day Sierra Leone through early modern China and Italy eighteenth century Cuba and the Malvinas Falklands the journeys of a missionary between India and Brazil and those of Christian captives across the Ottoman empire and Spain The result is a highly readable volume that addresses key theoretical and methodological questions in historiography Chapter 7 is open access under a CC BY 4.0 license via link [springer.com](https://www.springer.com) Il confine settentrionale R. Roveda, M. Pellegrini, 2018-07-31 Il filosofo Zygmunt Bauman ha detto che i confini dividono lo spazio ma non sono pure e semplici barriere Sono anche interfacce tra i luoghi che separano Il confine settentrionale italiano non fa eccezione in questo senso linea di separazione ma allo stesso tempo sempre stato luogo di passaggio di incontro scontro tra uomini lingue culture e tradizioni Allo stesso tempo si presenta come un confine duplice per storia e realtà attuale diviso come sempre stato e come ancora tra due mondi quello della Confederazione elvetica e quello dell'Austria nelle sue diverse forme Inoltre lo studio del confine settentrionale italiano obbliga a confrontarsi con due ordini di problemi l'esistenza o meno delle frontiere naturali poiché le Alpi per secoli più che separare unirono le popolazioni di montagna in quanto luoghi di

incontro scambio comunicazione e l'esistenza questa indubbia di frontiere linguistiche che hanno inciso anche nel processo di costruzione degli Stati e nella quotidianità di queste aree culturali In questo libro Roberto Roveda e Michele Pellegrini provano a indagare le peculiarità del confine settentrionale partendo dalla sua storia più antica fino ad arrivare ai giorni nostri e cercando di mettere in risalto il processo di formazione della linea di confine le sue trasformazioni ma anche le sue caratteristiche durature nel tempo
