Stories by an Atheist David Rogers, 2000-12 Stories for those who have doubts *Stories by an Atheist* David Rogers, 1991-01-01 Stories for those who have doubts [The Atheist's Mass, and Other Stories](#) Honore de Balzac, 2015-07-12 The Atheist's Mass Honore de Balzac's Satirical Reflections Challenging Belief and Tradition is a masterful exploration of human contradiction where faith and skepticism collide in a narrative rich with irony and depth Through the compelling story of Desplein a brilliant yet staunchly atheist surgeon secretly attending a Catholic mass Balzac unveils a profound meditation on gratitude loyalty and the unspoken debts that shape our convictions As Desplein's hidden devotion unfolds the reader is invited to question whether belief is solely defined by faith or if it can emerge from profound respect and human connection Balzac's sharp satire challenges the dogmas and traditions we often accept without question using his signature wit and piercing social commentary to dissect the paradoxes of belief With vivid storytelling and philosophical depth Atheist's Mass transcends religious debate offering a timeless reflection on the complexities of human nature Whether skeptic or believer readers will find themselves captivated by Balzac's ability to expose the intricate layers of ideology reason and personal devotion in a world where faith and logic are not always as separate as they seem Balzac's storytelling is brilliant This book challenges conventional perspectives on faith and skepticism in such a profound way The contrast between atheism and devotion is masterfully portrayed leaving me questioning my own perspectives on belief and loyalty A must read A deeply philosophical and thought provoking read Balzac's ability to capture the nuances of human contradiction is impressive While some passages are dense the core message is powerful and resonant This is literature that stays with you long after the final page An engaging and ironic look at belief and tradition Balzac's exploration of the human psyche is sharp and insightful Some parts of the story are slower but the ending makes it all worth it Highly recommended for those who enjoy deep reflective literature A solid read though I found certain descriptions overly elaborate The themes are intriguing and the character of Desplein is complex and compelling While it wasn't my favorite Balzac work it still offers a unique take on skepticism and faith This book is a masterpiece of subtle irony and philosophical depth Balzac's exploration of the interplay between science religion and personal loyalty is outstanding If you enjoy literature that makes you think and question this is a must read *The Atheist's Mass and Other Stories* Honoré de Balzac, 1896 *The Wandering Atheist and Other Stories* Robin Buckallew, 2018-06-21 Religious literature fills the world but literature around non belief is sparse This book is my small effort to help rectify that and add to the small but growing body of literature that begins in the Enlightenment or earlier Lucretius comes to mind and stretches in a very thin line to the present Find out what happens when the United States votes to become officially a Christian nation Follow along with Lepidus and Derek as they attempt to bring Enlightenment and humanist values to a world that doesn't want them Visit Hell and speak with Mephistopheles Find out what happens when a mother faces a challenge to custody of her child simply because she doesn't believe in God

The Atheist and Other Stories Seán Mac Mathúna, 1988 **Funny Short Stories by the Snotty Atheist** Jason Earley, 2021-02-12 This book is about Man s pointless quest for truth his goal to establish footing in the hereafter for eternity This book is about Man s right to dominate and exploit the lower animals and my firm belief that as I speak there are dozens of carnivorous intelligent species perfectly willing to place Man on the menu a privilege bestowed to them by their omnipotent omniscient god and contained within the text of their god inspired dogma On this day we will be granted an epiphany that a monotheist served over rice will provide a well balanced diet of protein B vitamins and riboflavin From that point on Galileo Issac Newton Aristotle and Frederick Nietzsche will be sustenance and everything that Man has created over the past two thousand years will be marginalized by the simple fact that we are delicious **Atheist Tales** Dan Barker, Earl Lee, David M. Fitzpatrick, 2011-02 For centuries adherents of the world s religions have had plenty of fiction to enjoy Pick up any holy book and you ll find an entertaining collection of silly fantasies yet millions of people believe them and base their entire lives around them It would be funny if the world weren t run and constantly imperiled by these religions as it has been since man first made up stories to explain the unexplainable Now comes Atheist Tales a collection of speculative fiction stories with themes to appeal to the disbeliever After all if the religious folks can have their books of fairy tales why can t we have a few of our own Unlike those fairy tales the stories herein weren t written by primitive cultures and they aren t intended to run your life They aren t numbered by chapter and verse and you don t have to memorize certain passages and ignore the contradictions and absurdities They don t impart directives from imaginary deities nor do they instruct on how to punish sinners And they don t pretend to be true This is fiction not lies But they do entertain and they do make you think about what could happen to the world if those of us who choose reason and intellect over delusional fanaticism don t combat the insanity and it s allowed to grow even more out of control Worshiping the authors of these stories is optional but we don t recommend it **Practicing Atheism** Hannah K. Scheidt, 2021-06-16 Although many individuals identify as atheists little is understood about the belief system beyond the simple lack of a belief in a higher power Hannah K Scheidt s Practicing Atheism Culture Media and Ritual in the Contemporary Atheist Network unpacks the cultural products both corporate driven and grassroots that carry messages about atheism to examine the complicated relationship between organized atheism and religion
