The Gallipoli Story Patrick Carlyon, 2015-02-06 *Cobbers* Jim Haynes, 2005 With his usual deft touch Jim Haynes has brought together a unique and gripping collection of fiction and real life stories from the Gallipoli campaign many of which have never been published before Accounts of everyday life specific battles and exciting prose are loaded with the emotions of men who lived through the horror and sadness that was Gallipoli *Gallipoli Diaries* Jonathan King, 2014-09-29 Gallipoli for the average Australian is the most famous battle that our volunteer soldiers ever fought because it was our first entry as a nation into the war and our people were keen to prove themselves It would be however a long time before the families back home and the nation as a whole heard of the terrible conditions on the peninsula and the waste of life that took place there Although Gallipoli was a crushing defeat it was and still is celebrated as a victory In this updated commemorative edition published 100 years after the 25 April 1915 landing the Gallipoli story is told day by day using the words of the diggers drivers soldiers and war correspondents at the front line War historian Jonathan King has gathered together an unequalled series of extracts from letters and diaries written by hundreds of Anzacs at Gallipoli accounting for every one of the 240 days of the eight month campaign and even identifying the actual days of the week Reading the men's own words including misspellings and mistakes we share in the soldiers' experiences These Australians of exceptional calibre and good cheer each wrote for different reasons although many made light of their hardships It is all here the fear the frustration and the boredom as they scrounged for bully beef went mad from the flies the lice and the stench of the unburied dead swapped cigarettes with enemy Turks dodged shrapnel while swimming at the beach celebrated birthdays sheltered from rain and shivered in snow and waited for action while praying for deliverance Although generals historians and war scholars have had their stories told many times it is only now when we read the private words of the men at the front line that we can glimpse what Gallipoli was really like PRAISE FOR JONATHAN KING In Jonathan King's *Gallipoli Diaries* we share the experiences of the diggers from day one It is a story that is spoken in the sometimes halting words of the soldiers and therein lies its power There is much here to enlarge our understanding of the disastrous Gallipoli campaign not least the appalling conditions in the trenches the daily grind of water carrying poor food flies and death Books Publishing A comprehensive history of the whole of the Gallipoli campaign Some notable Australian writers are among the many letter writers and diarists and their writing skills stand out King starts the book with some thoughts about why Australia as a nation celebrates what was after all a crushing defeat The Cooma Monaro Express Gallipoli Arthur Beecroft, 2015-06-01 At the start of the First World War Arthur Beecroft was a recently qualified barrister in his twenties Determined to enlist despite a medical condition he volunteered for military service first as a regular soldier then as a despatch rider Offered a commission in the Royal Engineers in 1915 he saw action at Gallipoli Now a byword for catastrophic military disaster the Gallipoli Campaign was the ill conceived Allied invasion of the Dardanelles The campaign stalled almost immediately resulting in over half a million

casualties on both sides Lucky to survive several years later Beecroft wrote a detailed memoir of his experiences Discovered by his granddaughter and now reproduced here almost exactly as it was written nearly a century ago Beecroft s vivid narrative takes us through those heady days of the declaration of war enlistment initial training the bungled landing at Suvla Bay and the exceptionally difficult conditions of the Gallipoli terrain This is no mere jingoistic account With a keen eye Beecroft brings to life the men dogged by disease and exhaustion ordinary soldiers who even as they suffered the betrayal of incompetent leadership displayed extraordinary reserves of heroism and bravery Throughout this rare insight into what it was like for an ordinary civilian soldier swept up in the fog of war Beecroft s authentic voice still speaks honestly to us today of comradeship and devotion to duty of fear and facing death Now published for the first time in the centenary year of the Gallipoli Campaign this is a soldier s story in his own words

The Gallipoli Story Patrick Carlyon,2015 The men were huddled in lifeboats Some prayed that their legs would work Some smiled to show they weren t scared They peered into the darkness ahead and saw nothing Then the dark shape of a man standing on a hill A shout from the shore A single shot rang out and a bullet hissed overhead The Gallipoli campaign had begun Anzac soldiers fought on Turkish soil a century ago So why do we still care about what happened there Why do we celebrate a battle lost The Gallipoli Story takes young people on an unforgettable and tough journey deep into the heartland of war Patrick Carlyon digs past the myths to explore the lives and choices of the men soldiers politicians and generals alike who found themselves caught up in a battle fought far from home A powerful piece of storytelling that brings history to life and shows us the human faces behind the grand story

Stories from Gallipoli Steve Sailah,200? Gallipoli Hugh Dolan,Mal Gardiner,2012 The Gallipoli legend that we know is not our own Somehow we have stolen the British experience of a dawn slaughter on a beach further south under Turkish guns The Australian landing on Z Beach our allotted coast was tactically brilliant ANZAC officers planned their own amphibious assault without the interference of British officers who were content to row ashore in daylight against a prepared enemy Z Beach True Comics presents the facts Issue No 1 Gallipoli The Landing is a non fiction account of how ANZAC officers used all available intelligence to plan a surprise night assault using stealth This graphic narrative follows the roles of espionage spying and the use of aerial reconnaissance which provided ANZAC officers with the military intelligence to plan an effective assault despite an heavily defended coast Few know that ANZAC Headquarters tasked the world s first aircraft carrier HMS Ark Royal to assist in the landing This book follows the story of how seaplanes and later wheeled aircraft based on the island of Tenedos flew across Gallipoli locating enemy defences The story describes how Major General William Bridges commander of 1 Australian Division included these intelligence reports to craft a silent night assault in order to get his men onto Z Beach alive Old rumours such

as the wrong beach are killed The book takes the reader on a factual journey through the recruitment training and despatch of ANZAC to a hotly contested shore on the Gallipoli peninsula Cleverly original source documents army orders battalion diaries soldiers letters and personal diaries are woven into this gripping pictorial narrative The story follows the ground breaking non fiction book by Squadron Leader Hugh Dolan 36 Days the untold story behind the Gallipoli landings Pan Macmillan 2010 into a form accessible to a younger audience The author Hugh Dolan and artist Mal Gardiner were former members of the Australian Defence Force Mal Gardiner has used original photographs from 1915 to render accurate pictures and technical drawing His use of perspective in many individual frames is astonishing Mal served over 20 years in Australian submarines Hugh is a retired intelligence officer and uses this perspective to show how Australian ingenuity put ANZAC ashore in the dead of night with few casualties This is a story everyone must read
