Storm Clouds On The Horizon Bible Prophecy And The Current Middle East Crisis:

Storm Clouds On The Horizon Charles H. Dyer, 2001-02-01 Daily you hear news stories about important events taking place in the Middle East But do you fully comprehend what s going on in Israel Do you understand the significance those events have in your own life Find out what s happening in the Middle East today and learn how those events are linked to key biblical prophecies Why is Israel constantly in the news today What does the Bible say about Israel s past and future How does God s plan for the church differ from His plan for Israel Why can t the United Nations bring peace to the earth Is the United States mentioned in Bible prophecy

The Complete Idiot's Guide to Christianity Jeffrey B. Webb Ph.D., 2004-03-02 A comprehensive look at the Christian religion From the roots of Catholicism and the three streams of Protestantism to Fundamentalism Evangelicalism the Charismatic movement and New Age Christianity this essential source helps readers define what Christianity is all about in the 21st century In this Complete Idiot s Guide you get Simple explanations of the geographical and cultural factors that divide the Christian faith Faithful insights into what Catholics Episcopalians Baptists and others believe and why All the information you need to decide which church is right for you Foolproof facts about what fundamentalists believe about the Bible other Christians and the wider world especially politics

The Left Behind Fantasy William Powell Tuck, 2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense

For Zion's Sake Fuad Sha'ban, 2005-03-20 This book explores the role of religion especially religious extremism in American culture In particular it examines the development of the Judeo Christian tradition its impact on America s self image and the way it has influenced America s attitude to the Arab World The Christian Right has become a very powerful force in American politics Its basic belief in Christian Zionism has resulted in a steadfast commitment to the establishment of the state of Israel and to its aggressive expansion and has made Zionism a central part of government policy for both Republicans and Democrats Fuad Sha ban shows how this is not a new phenomenon what he terms the Vision of Zion in American life has its roots in literature the arts and internal politics from colonial times until today Looking in detail at a wealth of resources including religious and literary texts as well as official political statements he pieces together a subtle account of how America s Puritan roots have fostered a specifically religious political culture that encourages hatred and suspicion of the

Muslim World in domestic and foreign policy Unholy War Randall Price, 2001 A concise examination of the Middle East conflict surrounding Jerusalem provides historical information while considering Jewish and Arab claims to the city the political significance of the conflict and the prospects for both war and peace Original American Book Publishing Record, 2001 **Storm Clouds on the Horizon** Ken Duggan, 2019-04-08 The future of all mankind and the planet he inhabits seems to be on a collision course for disaster Nuclear proliferation and hostility between nations foster consistent rumors of impending doom among prognosticators politicians and preachers What will the world be like a generation from now Will there be peace on earth Will there be more tension and more predictions of gloom and doom Some have even suggested there will only be the eerie silence of a post apocalyptic world Can we know what the future holds In a much debated book of the Bible there seem to be some answers to the questions about earth's final days The Book of Revelation for Christians and non Christians alike has been more thoroughly scrutinized than any other New Testament writing However a close inspection of this book reveals insight into the future that can found in no other writing This is no attempt to predict the future It is an attempt to describe future events whenever they occur in more detail than is possible without a close inspection of Revelation chapters 4 through 16 In Stormclouds on the Horizon A Comprehensive View of Earth's Last Days special attention is given to a future period commonly referred to as the Tribulation The ancient prophet John the Beloved is privileged to see these future days revealed before his eyes Unlike other books on this subject Stormclouds reveals two viewpoints on this seven year period given to John in this one prophetic vision The Gathering Storm Mal Couch, 2005-02 The purpose of this book is to signal the warning that a gathering storm is on the horizon Events are leading us closer to the prophesied apostasy and the rapture of the church In the growing darkened social and spiritual climate Christians may face a deepening isolation and an outright denial of the opportunity to witness the saving grace of Christ Jesus Churches may also begin to feel a sharp curtailment of ministry especially in speaking against the moral evils of the culture Not all of the chapters in this book are warning chapters but together they are meant to lay out a mosaic of things to come Some of those things have to do with what is taking place in the world but other issues also point to drastic changes within the larger Evangelical culture 1 Sixteen outstanding authors and scholars have come together to warn Christians that the storm prophesied in Scripture is on the horizon 2 The majority of Evangelical seminaries are shifting away from the teaching of prophetic truth Learn why in this book 3 Why are truths like the rapture the tribulation and the kingdom reign of Christ being denied This book is written to tell you 4 In the growing denial of Bible prophecy what can we expect next As the November election of 2004 neared America awakened and found itself split down the middle between two ideologies between liberal and conservative but more between moral Christian values and between humanistic and secular values Never before has the nation been so divided in such a deep and devious way Events that unfold and transpire past 2004 will tell us just how deep the split is in the psyche of the nation But while America is coming to terms with a liberal agenda that is without doubt destructive in Europe and Asia there

is no division because Christian mores have nothing to do with what is taking place in those cultural and religious climates Europe long ago repudiated the spiritual heritage left over from the Reformation And it can be fair to say that the tombstone is about to be placed over the Christian influences that have so led this nation in the past The changes are now coming so fast spiritually and morally that the entire social fabric of the country is about to tear and fragment Here are some examples I In 1993 63% of Americans claimed to be Protestant but unfortunately in that survey Mormons and Jehovah Witnesses were included in the count In 2002 the number saying they are Protestant Christians had dropped to 52% Within a few years Protestants will be a minority in America I In 2003 14% percent of Americans claimed to have no religion I Up to 1993 Protestant denominations retained 90% of their congregants The number now is 80% It is admitted that because the mainline denominations are turning so quickly to liberalism they are shrinking rapidly and may soon disappear altogether The signs that the nation and the world is rapidly moving quickly to social and moral humanism are seen in the issues listed below on which Christian values no longer have an influence Abortion Stem cell research using aborted baby tissue Homosexual agendas Same sex marriage Galloping socialism Euthanasia While some argue that these issues are simply social shifts that will not sap the strength of the western nations such rapid changes point to an outright repudiation of biblical morality Then there is the Middle East and Israel Evangelicals who hold strongly to what the Bible teaches about the end times see prophetic patterns in the establishment of the nation of Israel along with the return of the Jewish people to the promised land and the rise of militant Islam The Middle East is a powder keg that could explode and draw into that area the entire world Changes in Europe also point to prophetic signposts Europe is now virtually a united one nation It now uses a Euro dollar and has a sitting parliament with an elected president It also is rapidly moving to a total economic inter dependence Many of these changes point clearly to the prophesied one world government that will dominate the globe during the great seven year tribulation period I have assembled some close friends and outstanding spiritual scholars to write about the deepening moral darkness looming on the horizon of our world I trust that what they have written will help believers in Christ to understand the times we live in but too to become more diligent about sharing the good news of salvation found only in the Lord Jesus Christ

Determining the Future's Truth Through Bible Prophecy Peter Galarza, 2021-10-26 Two Persian wars in 1991 and 2003 have inspired the author to write about two more incoming wars according to Bible prophecy the latter being the war to end all wars Armageddon It concerns the Messiah's return during a time of trouble and turmoil known as the Tribulation It also comments about our current situation in the world economics technology unbelief wars weather patterns etc It's primary villain is the antichrist who comes to deceive the nations of the world and attacks God's people This antichrist is under the control of Satan himself But the finality of it all is the issuance of a peaceful one thousand year millennium by the Messiah Himself The author wants the reading audience to examine themselves to see if they are ready to receive Him the Son of God and live eternally with Him
