Storm Trooper:

Stormtrooper Families Andrew Wackerfuss, 2015-08-18 Based on extensive archival work Stormtrooper Families combines stormtrooper personnel records Nazi Party autobiographies published and unpublished memoirs personal letters court records and police surveillance records to paint a picture of the stormtrooper movement as an organic product of its local community its web of interpersonal relationships and its intensely emotional internal struggles Extensive analysis of Nazi era media across the political spectrum shows how the public debate over homosexuality proved just as important to political outcomes as did the actual presence of homosexuals in fascist and antifascist politics As children in the late imperial period the stormtroopers witnessed the first German debates over homosexuality and political life As young adults they verbally and physically battled over these definitions bringing conflicts over homosexuality and masculinity into the center of Weimar Germany's most important political debates Stormtrooper Families chronicles the stormtroopers personal political and sexual struggles to explain not only how individual gay men existed within the Nazi movement but also how the public meaning of homosexuality affected fascist and antifascist politics a public controversy still alive today *Ambassador Frederic Sackett and the Collapse of the Weimar Republic, 1930-1933* Bernard V. Burke, 1994 The behind the scenes story of how Ambassador Sackett used all his influence to help prevent Hitler from coming into power *Kristallnacht 1938* Alan E. Steinweis, 2009-11-15 Kristallnacht revealed to the world the intent and extent of Nazi Judeophobia However it was seen essentially as the work of the Nazi leadership Now Steinweis counters that view in his vision of Kristallnacht as a veritable pogrom a popular convulsion of anti Semitic violence manipulated from above but executed from below by ordinary Germans

Blind Justice Michael S. Hoey, 2007-10 Justice is supposed to be blind although one might guess otherwise when considering some very famous and controversial court cases throughout history Liven up your history or government class with Blind Justice a collection of mock trials that bring four cases to life in your classroom Students will take the lead roles in prosecuting and defending those accused and testifying for and against the defendants Critical thinking problem solving and oral presentation skills will be put to the test as each side tries to outwit the other State standards will be met by these activities while the trials offer a fun and engaging way to present a performance based assessment to your students The four trials Sacco and Vanzetti the Lindbergh Baby Kidnapping the Nuremberg War Crimes trials and Julius and Ethel Rosenberg are designed so either side can win The book also includes step by step instructions for students and teachers and follow up activities about the real trials and how they compare to what played out in your classroom Blind Justice offers an intriguing look at history government and the court system one that all students will enjoy *I Am a Stormtrooper (Star Wars)* Golden Books, 2017-01-03 Meet the stormtroopers from the Star Wars saga in this Little Golden Book Featuring stunning retro stylized illustrations this book is perfect for Star Wars and Little Golden Book fans of all ages It includes epic scenes from A New Hope The Empire Strikes Back Return of the Jedi Attack of the Clones and The Force Awakens Star Wars has captivated

Ballantyne, 2010-06-18 On a world of intelligent robots who seem to have forgotten their own distant past it is a time of war as the soldiers of Artemis City set out to conquer everything within range on the continent of Shull killing or converting every robot they capture to their philosophy while viewing their own wire based minds as nothing but metal to be used or recycled for the cause Elsewhere the more individualistic robots of Turing City believe they are something more than metal but when the Artemisian robot Kavan sets out on a determined crusade to prove himself even Turing City can't stand against him Increasingly tied up with Kavan's destiny is Karel a Turing robot with elements of Artemis's philosophy already woven into his mind as well as Karel's wife Susan and their recently created child Following the inevitable violence and destruction Artemisian ambition focuses elsewhere and a journey begins towards the frozen kingdoms of the north and towards the truth about the legendary Book of Robots a text which may finally explain the real history of this strange world In a completely alien but brilliantly realized landscape here is a powerful story of superb action barbaric cruelty and intense emotional impact
