Davidshofer,2014-09-11 This book explores Marxist and Leninist revolutionary theory Topics include the philosophical dialectic historical materialism the revolutionary movement and Communist cadre political rule in the socialist state Emphasis on Lenin s wartime political treatment of imperialism national self determination and socialism in one country A Research Annual Ross B. Emmett,Jeff E. Biddle,Warren J. Samuels,2009-06-09 Contains refereed articles on constrasting relational conceptions of the individual in economics This book also covers the development of Adam Smith s style of lecturing a comparison of problems encountered in the historian s work as editor based upon editing Harrod s papers and Haberler s Prosperity and Depression Understanding Comparative Politics Mehran Kamrava,2002-11-01 Comparative politics has undergone significant theoretical changes in recent decades Particularly since the 1980s a new generation of scholars have revamped and rejuvenated the study of the subject Mehran Kamrava examines current and past approaches to the study of comparative politics and proposes a new framework for analysis This is achieved through a comparative examination of state and social institutions the interactions that occur between them and the poltical cultures within which they operate The book also offers a concise and detailed synthesis of existing comparative frameworks that up to now at least have encountered analytical shortcomings on their own Although analytically different in its arguments and emphasis from the current Mainstream genre of literature on comparative politics the present study is a logical outgrowth of the scholarly works of the last decade or so It will be essential reading for all students of comparative politics The Ruling Elite Deanna Spingola,2011-04-14 Lincoln s war the North s attack on the South took the life of 622 000 citizens and altered the government s structure Marx and Engels watched the war from afar and applauded his efforts The media and our government controlled schools have presented a deceptive view of every historical event and have whitewashed the most scandalous political leaders and vilified leaders who have worked in the best interests of the people Following Lincoln s precedent setting war we have been repeatedly lied into wars Currently our young men and women shed their blood in foreign lands while well connected corporations make massive profits rebuilding the infrastructure that other corporations have demolished Meanwhile our politicians possessing inside knowledge grow richer through their investments and the bribes they accept from deep pocketed lobbyists They have not listened to their constituents for decades CIA thugs in behalf of the corporations commit terrorist acts in other countries which the U S government and media blame on the so called insurgents In 2010 the Pentagon paid the following to the top five out of 100 1 Lockheed Martin Corp 16 700 588 328 2 Northrop Grumman Corp 11 145 533 497 3 Boeing Co 10 462 626 196 4 Raytheon Co 6 727 232 555 5 Science Applications

International Corp 5 474 482 583 Yet throughout the country vital infrastructure is crumbling and politicians are selling taxpayer funded public properties to private interests as a profitable venture The new owners exploit the public by raising service rates while diminishing the services
