MANAGING YOUR HEALTH CARE

*A consumer guide
for managing health
care costs*

William F. McNally

Every patient needs to be educated, and this book will help you do just that. Managing Your Health Care is a must for every doctor and everything you should read before you meet with it. —Henry H. Hays, M.D., Medical Correspondent, ABC News

The McNally Method For Managing Your Health Care

Thomas Griffiths

The McNally Method For Managing Your Health Care:

The McNally Method for Managing Your Health Care William F. McNally, 1997 Explains how to assess and select insurance options and plans what questions to ask HMOs insurance companies and doctors before enrolling in a plan how to act as a partner with your doctor understand medical billing and insurance reimbursement and communicate effectively with health insurers and providers Includes HMOs Medicare Medicaid Medigap and other insurance plans **Surviving a Health Crisis** Felix Kolb, 2006-03 Every year thousands of people in the United States die needlessly because they were not prepared to deal with a serious health crisis Author Felix Kolb MD wants to change those statistics with his new book which tells readers how to prepare for a medical emergency as well as what to expect and how to cope when such a crisis occurs He explains how you can make advance preparations that will increase your chances of surviving a medical crisis Then he takes you step by step through common life threatening events following the process from the emergency room through getting a correct diagnosis the right treatment and proper follow up care **Book Review Digest**, 1999 *Consumer Health Information Source Book* Alan Rees, 2000-01-27 How can an award winning source book that helps consumers find health information be improved Health expert Alan Rees has done just that in his sixth edition by providing practical advice on using the Internet tips on where to find Spanish language health pamphlets and recommendations on what's most important in the world of alternative medicine The sixth edition provides users with an annotated guide to health related resources hotlines newsletters pamphlets Web sites CD ROMS magazines books and more Readers are given a description on each resource and how to best use it *Library Journal*, 1999-04 *The Strategic Management of Health Care Organizations* Peter M. Ginter, W. Jack Duncan, Linda E. Swayne, 2018-01-16 A comprehensive guide to effective strategic management of health care organizations Strategic Management of Health Care Organizations provides essential guidance for leading health care organizations through strategic management This structured approach to strategic management examines the processes of strategic thinking consensus building and documentation of that thinking into a strategic plan and creating and maintaining strategic momentum all essential for coping with the rapidly evolving health care industry Strategic Management of Health Care Organizations fully explains how strategic managers must become strategic thinkers with the ability to evaluate a changing industry analyze data question assumptions and develop new ideas The book guides readers through the strategic planning process demonstrating how to incorporate strategic thinking and create and document a clear and coherent plan of action In addition the all important processes of creating and maintaining the strategic momentum of the organization are fully described Finally the text demonstrates how strategic managers in carrying out the strategic plan must evaluate its success learn more about what works and incorporate new strategic thinking into operations and subsequent planning This strategic management approach has become the de facto standard for health care management as leadership and strategic management are more critical than ever in coping with an industry in flux This book provides health

care management students as well as health care administrators with foundational guidance on strategic management concepts and practices tailored to the unique needs of the health care industry Included are a clear discussion of health services external analysis organizational internal analysis the development of directional strategies strategy alternative identification and evaluation and the development and management of implementation strategies providing an informative and insightful resource for anyone in the field This new eighth edition has been fully updated to reflect new insights into strategic thinking new methods to conceptualize and document critical environmental issues practical steps for carrying out each of the strategic management processes industry and management essentials for strategic thinkers and new case studies for applying the strategic management processes More specifically readers of this edition will be able to Create a process for developing a strategic plan for a health care organization Map and analyze external issues trends and events in the general environment the health care system and the service area Conduct a comprehensive service area competitor analysis Perform an internal analysis and determine the competitive advantages and competitive disadvantages Develop directional strategies Identify strategic alternatives and make rational strategic decisions for a health care organization Develop a comprehensive strategy for a health care organization Create effective value adding service delivery and support strategies Translate service delivery and support plans into specific action plans The health care industry s revolutionary change remains ongoing and organizational success depends on leadership Strategic management has become the single clearest manifestation of effective leadership of health care organizations and the strategic management framework s strengths are needed now more than ever The Strategic Management of Health Care Organizations provides comprehensive guidance and up to date practices to help leaders keep their organizations on track

EBOOK: Implementing Excellence in your Health Care Organization: Managing, Leading and Collaborating Robert McSherry, Jerry Warr, 2010-07-16 This second book in this practical introductory series on practice issues in healthcare explores the key issues and factors which influence the workings of a healthcare organisation and how these may be addressed through collaborative working and user focused care at an introductory and practical level The book will be presented in three sections Working in Organisations Collaborative working User Focused Care The emphasis of this second text is on how the organization and those who work within it contribute to both positively and negatively the excellence of the healthcare organization and the care it gives Rather than a theoretical tome on team working leadership and change management this book instead highlights and explores the tools and techniques that ALL healthcare staff need to be successful employees and managers delivering excellent care The authors will outline and examine the evidence available for all areas covered both to support and to critique excellence standards and give a lively and practical introduction to the key organizational factors of a healthcare setting Meaty topics abound including Management leadership ethics equity governance user involvement team working interprofessional excellence The focus on multiprofessional working will make this accessible to a variety of healthcare groups In keeping with the series the book will

include case examples real life practice and reflective exercises as well as the theory needed to inform delivery of excellence Contributors Claire Brewis Dr Corrina Dickson Dr Lee Ann Fenge Karen Grimwood Dr Sarah Hean Vanessa Heaslip Jenny Kell Melaine McSherry Dr Sabi Redwood Lisa Smith Kevin Stubbings Jackie Tonkin Katie Tucker *A Client Oriented System of Mental Health Service Delivery and Program Management* Dale E. Carter, Frederick L. Newman, 1975

Organizational Behavior, Theory, and Design in Health Care Nancy Borkowski, Katherine A. Meese, 2021-03-17
Organizational Behavior Theory and Design Third Edition was written to provide health services administration students managers and other professionals with an in depth analysis of the theories and concepts of organizational behavior and organization theory while embracing the uniqueness and complexity of the healthcare industry Using an applied focus this book provides a clear and concise overview of the essential topics in organizational behavior and organization theory from the healthcare manager s perspective The Third Edition offers New case studies throughout underscore key theories and concepts and illustrate practical application in the current health delivery environment In depth discussion of the industry s redesign of health services offers a major focus on patient safety and quality centeredness and consumerism Current examples reflect changes in the environment due to health reform initiatives And more **Health Research Design and Methodology** Eucharía E. Nnadi-Okolo, 1990-08-27 Explains various methodologies and analyses of the design of research in health science emphasizing applications rather than theory Addressed to students who need to design and complete a research project in order to obtain a degree to instructors of such students and to new researchers in any of the various health sciences Focuses on key elements in writing research proposals interpreting resource data based on analysis and reporting research findings Includes many examples Acidic paper Annotation copyrighted by Book News Inc Portland OR
