The Meaning Of True Mystical Initiation

Melusine Draco

The Meaning Of True Mystical Initiation:

A Manual for the Modern Mystic Rio Olesky, 2011-03 A professional astrologer the author presents Paramahansa Yogananda's ideas and teachings about life and what really matters *Traditional Witchcraft and the Path to the Mysteries* Melusine Draco, 2015-03-27 Traditional Witchcraft and the Path to the Mysteries the sixth and last in the Traditional Witchcraft series is a voyage of discovery and as with every journey it is essential that we understand where we are now and where we want to be We need proper direction unlike that popular old Irish saying If I wanted to be going there I wouldn't be starting from here So let us make our preparations put our house in order and begin our journey of exploration and self discovery As with all stages of Life there are friends and acquaintances to consider the essence of some we will take with us the rest we will leave behind But as the genie from *Where the Rainbow Ends* says Time is short and we have far to travel

The Way of Initiation Rudolf Steiner, Edouard Schuré, 1910 Initiation and Its Results Rudolf Steiner, 1909 **The Meaning and Value of Mysticism** Emily Herman, 1916 **Anthropology and mysticism in the making of initiation** Andy Hilton, 2023-09-14 By the 1980s interest in initiation was at its peak it was being employed both theoretically and practically in gender politics and humanistic therapy How did that come to be how should we understand initiation and what can be its future This wide ranging book looks at the history evolution and contemporary idea of initiation It traces origins in the ancient Mysteries and early Christian texts through Renaissance rediscoveries to admission in Freemasonry and anthropological investigations in French Canada and British Australia It introduces the initiation discourse as something that was constructed through centuries of translations and nineteenth century human science leading to the making of the modern concept It argues for a subject initiation studies that effectively secularised the eighteenth century rites of admission to produce the twentieth century rites of passage And it details as compensation for this hollowing out of the mystery the study of shaman spirit workers the idea of death and rebirth and the later sacralisation of the liminal in adolescent adult initiation Finally a contemporary revision is explored that incorporates neglected aspects like depth psychology and education for an idea of youth as a life stage And while ritual is now deemphasised the religious dimension is reaffirmed with a critical analysis of cosmic consciousness the enduring Great Mystery **The Seven Initiations on the Spiritual Path** Michael Mirdad, 2008-03-31 Michael Mirdad has written a book that can assist us all on the path to wholeness and help us live a life of balance and peace By using life's little lessons and tests also called initiations Dr Mirdad explains that as we learn we open our hearts and our souls connection to God becomes stronger As this happens we move closer to a more spiritual and enlightened life The seven basic initiations involve different parts of ourselves from our bodies minds emotions and spirit This book is not only to be read but experienced The message is to take those triumphs and tragedies of life and use them as pavers to continue to build our road to peace and happiness **Perspectives on Initiation** René Guénon, 2004-05 The present volume first published at the close of World War II and based on a series of articles on initiation

originally written between 1932 and 1938 for *Le Voile d Isis* later renamed *tudes Traditionnelles* is unique in giving a comprehensive account both of the conditions of initiation and of the characteristics of organizations qualified to transmit it. Gu non s distinction between the initiatic and the mystical paths the first requiring a formal relationship with a master a set of specific contemplative techniques and a chain of transmission stretching back to the origin of the tradition in question the second generally lacking these elements led to some controversy between those who accept this distinction and others who believe that initiatory and mystical spirituality are one and the same. The book presents such central principles as the dangers and barrenness of syncretism the often dire consequences of fostering psychic powers and the superiority of sacerdotal initiation into the Greater Mysteries over royal initiation into the Lesser Mysteries though both are necessary parts of the initiatic path. This last point precisely defines the rift between Gu non and Julius Evola whose elevation of royal initiation over sacerdotal must be seen according to Gu non s criteria as a modern day echo of the ancient revolt of the warrior caste against the priestly one. Whoever follows Gu non s argument will realize that a romantic warrior mysticism held no fascination for him and is in fact explicitly contrary to his principles. But pre eminently *Perspectives on Initiation* provides indispensable points of reference for anyone attempting to distinguish between initiatic pseudo initiatic and countert initiatic spiritualities in these profoundly uncertain times.

The Ancient Mysteries and Modern Masonry Charles H. Vail, 2005-12-01

In the early ages occult knowledge was taught openly as the sciences are taught in our colleges to day. But in the course of time many allowed their selfishness to rule and so abused their power that it became necessary to withhold such knowledge from the unworthy. This was the condition of religious affairs when the Mysteries were necessarily established by the King Priests of the Divine Dynasties in the early days of Atlantis from *The Origin of the Mysteries*. Though the author cannot alas lift the veil from the secrets of the Order 32nd degree Freemason Charles H Vail endeavors to lead the curious toward a more complete understanding of the ancient knowledge of the eternal truth of the universe of which the Masons are the keepers. From the great antiquity of Masonic symbols and traditions to the formation of the organization with their perpetuation as its goal this 1909 book is an intriguing glimpse inside one of the most secretive fraternities in existence. It is required reading for those fascinated by arcane wisdom and secret societies.

One Solitary Life Anthony J. Fisichella, 2006-05

The Divine Knowledge Gnosis explored in the trilogy *One Solitary Life* embodies the coordinates of the path of man s evolution toward divinity leading to the attainment of man s Spiritual Legacy union with the Divine. Cover
