Medieval Hebrew Featuring The Midrash Unknown, Origins of Hebrew Liturgical Rhetoric and Poetics Joseph Yahalom, 2024-07-22 This book follows the origins of the Keduṣṣa a sequence of poems that leads up to the epitome of Jewish prayer the Keduṣṣa or Sanctus It tracks back the earliest forms of prayer in late antiquity and by doing so defines the main characteristics of this genre both from the standpoint of Rhetoric and poetics This genre draws from Midrash and Mysticism adjacent literary forms that influence liturgical poetry How has such an enigmatic and complex liturgical genre survived the twists and turns of history and is recited to this day for over 1500 years The answer to this question pertains to both form and content When analyzing form we address rhyme alphabetical acrostics and different poetic forms Those all have a specific rhetorical function in determining the structure of the poem pushing it forward and musically aligning the different segments The form cannot be detached from narratology referencing early midrash and mysticism In addition the emotional approach of the private prayer can express one s existential pain as part of an oppressed community We can follow the composition of the prayer book for each community over the ages through the first millennium starting with Geniza fragments to the European prayer books Finally these poems use of sophisticated etymology correlation by sound leads to innovative Medieval interpretation of the Torah It seems that the combination of a public recitation simulating a divine choir the musicality of the text and emotional depth all contributed to this eternal poetic genre to penetrate cross cutting traditions of prayer throughout the ages

Studies and Texts in Folklore, Magic, Medieval Romance, Hebrew Apocrypha and Samaritan Archæology Moses Gaster, 1928 *The Sacred Books and Early Literature of the East* Charles Francis Horne, 1917 *The Anthology in Jewish Literature* David Stern, 2004-10-07 The anthology is a ubiquitous presence in Jewish literature arguably its oldest literary genre going back to the Bible itself and including nearly all the canonical texts of Judaism the Mishnah the Talmud classical midrash and the prayerbook In the Middle Ages the anthology became the primary medium in Jewish culture for recording stories poems and interpretations of classical texts In modernity the genre is transformed into a decisive instrument for cultural retrieval and re creation especially in works of the Zionist project and in modern Yiddish and Hebrew literature No less importantly the anthology has played an indispensable role in the creation of significant fields of research in Jewish studies including Hebrew poetry folklore and popular culture This volume is the first book to bring together scholarly and critical essays that investigate the anthological character of these works and what might be called the anthological habit in Jewish literary culture the tendency and proclivity for gathering together discrete

sometimes conflicting traditions and stories and preserving them side by side as though there were no difference conflict or ambiguity between them Indeed The Anthology in Jewish Literature is the first book to recognize this habit and genre as one of the formative categories in Jewish literature and to investigate its manifold roles The seventeen essays each of which focuses on a specific literary work many of them the great classics of Jewish tradition consider such questions as What are the many types of anthologies How have anthologists editors even printers of anthologies been creative shapers of Jewish tradition and culture What can we learn from their editorial practices How have politics gender and class figured into the making of anthologies What determinative role has the anthology played in creating the Jewish canon How has the anthology served especially in the modern period to create and recreate Jewish culture This landmark volume will interest educated laypersons as well as scholars in all areas of Jewish literature and culture as well as students of world literature and cultural studies

Targums and Rabbinic Literature Zondervan,2024-09-10 Ancient Literature for New Testament Studies is a multivolume series that seeks to introduce key ancient texts that form the cultural historical and literary context for the study of the New Testament Each volume will feature introductory essays to the corpus followed by articles on the relevant texts Each article will address introductory matters provenance summary of content interpretive issues key passages for New Testament studies and their significance Neither too technical to be used by students nor too thin on interpretive information to be useful for serious study of the New Testament this series provides a much needed resource for understanding the New Testament in its first century Jewish and Greco Roman context Produced by an international team of leading experts in each corpus Ancient Literature for New Testament Studies stands to become the standard resource for both scholars and students Volumes include Apocrypha and the Septuagint Old Testament Pseudepigrapha The Dead Sea Scrolls The Apostolic Fathers Philo and Josephus Greco Roman Literature Targums and Early Rabbinic Literature Gnostic Literature New Testament Apocrypha and Pseudepigrapha

The Contemplative Soul Adena Tanenbaum,2002-01-01 During the eleventh and twelfth centuries Andalusian Jewish poets introduced philosophical theories into their devotional verse This study explores the impact of their rich intellectual and cultural life on their Hebrew poems devoted to the soul

On the Mystical Shape of the Godhead Gershom Scholem,2011-03-30 Scholem s treatment is complex and stylistically brilliant as he systemically analyzes the history and intellectual background of these critical ideas Highly recommended Library Journal

Tales in Context Rella Kushelevsky,2017-11-13 A folkloric research project on Sefer ha ma asim In the thirteenth century an anonymous scribe compiled sixty nine tales that becameSefer ha ma asim the earliest compilation of Hebrew tales known to us in Western Europe The author writes that the stories encompass descriptions of herbs that cure leprosy a fairy princess with golden tresses using magic charms to heal her lover s wounds and restore him to life a fire breathing dragon a two headed creature and a giant s daughter for whom the rind of a watermelon containing twelve spies is no more than a speck of dust In Tales in Context Sefer ha ma asim in Medieval Northern France Rella Kushelevsky enlightens the stories meanings and reflects the

circumstances and environment for Jewish lives in medieval France Although a selection of tales was previously published this is the first publication of a Hebrew English annotated edition in its entirety revealing fresh insight The first part of Kushelevsky s work Cultural Literary and Comparative Perspectives presents the thesis that Sefer ha ma asim is a product of its time and place and should therefore be studied within its literary and cultural surroundings Jewish and vernacular in northern France An investigation of the scribe s techniques in reworking his Jewish and non Jewish sources into a medieval discourse supports this claim The second part of the manuscript consists of the tales themselves in Hebrew and English translation including brief comparative comments or citations The third part An Analytical and Comparative Overview offers an analysis of each tale as an individual unit contextualized within its medieval framework and against the background of its parallels Elisheva Baumgarten s epilogue adds social and historical background to Sefer ha ma asim and discusses new ways in which it and other story compilations may be used by historians for an inquiry into the everyday life of medieval Jews The tales in Sefer ha ma asim will be of special value to scholars of folklore and medieval European history and literature as well as those looking to enrich their studies and shelves
