The Mercenaries of the Hellenistic World Guy Thompson Griffith,1935 **The Mercenaries of the Hellenistic World** G. T. Griffith,1935 **The Mercenaries of the Hellenistic World** G. T. Griffiths,1989 **The Mercenaries of the Hellenistic World, by G.T. Griffith. Hare Prize Essay, 1933** Guy Thompson Griffith,1969 *The League of the Aitolians* John D. Grainger,2018-07-17 The Aitolians have had a bad press regarded as pirates and brigands and their state as a pirate state built on terrorist tactics This book treats them as what they really were a normal Hellenistic state They constructed an original and successful polity which provided peace and prosperity for its inhabitants and played a major part in Greek history for a century and a half The approach is chronological beginning with the origin and formation of the league and its early expansion and then dealing with its long duel with Macedon and concluding with its destruction by Rome This is the first full account of the history of the league which approaches it as an independent state rather than as the enemy of other states and peoples It complements the standard histories of the other Hellenistic states **War in the Hellenistic World** Angelos Chaniotis,2008-04-15 Exploiting the abundant primary sources available this book examines the diverse ways in which war shaped the Hellenistic world An overview of war and society in the Hellenistic world Highlights the interdependence of warfare and social phenomena Covers a wide range of topics including social conditions as causes of war the role of professional warriors the discourse of war in Hellenistic cities the budget of war the collective memory of war and the aesthetics of war Draws on the abundance of primary sources available **Archaeological and Historical Aspects of West-European Societies** Marc Lodewijckx,1996 The contents of this volume of essays in his honour gives a good overview of the fields in which Prof Van Doorselaer has been active throughout his academic career This book is especially an Album Amicorum filled with reminiscences and intentions to continue the work The voluminous size of this book may be considered as an adequate measure of the overall sympathy for Prof Van Doorselaer We hope that this publication may encourage him to remain active in the field of archaeology and that the co operation among colleagues stimulated by this project may be continued in the future **Soldiers and Ghosts** J. E. Lendon,2005-01-01 Sparta Macedonia and Rome how did these nations come to dominate the ancient world Lendon shows readers that the most successful armies were those that made the most effective use of cultural tradition **The mercenaries of the Hellenistic world** Griffith Guy Thompson,1968
