Saint Augustin

The Merits And Remission Of Sins And The Baptism Of Infants

Hussin A.Rothana

The Merits And Remission Of Sins And The Baptism Of Infants:

A Treatise on the Merits and Forgiveness of Sins and on the Baptism of Infants Saint Augustine of Hippo, Aeterna Press, A
Necessity arose which compelled me to write against the new heresy of Pelagius Our previous opposition to it was confined
to sermons and conversations as occasions suggested and according to our respective abilities and duties but it had not yet
assumed the shape of a controversy in writing Certain questions were then submitted to me by our brethren at Carthage to
which I was to send them back answers in writing I accordingly wrote first of all three books under the title On the Merits
and Forgiveness of Sins in which I mainly discussed the baptism of infants because of original sin and the grace of God by
which we are justified that is made righteous but I remarked no man in this life can so keep the commandments which
prescribe holiness of life as to be beyond the necessity of using this prayer for his sins Forgive us our trespasses It is in direct
opposition to these principles that they have devised their new heresy Aeterna Press *Augustine Through the Ages* Allan
Fitzgerald, John C. Cavadini, 1999 This one volume reference work provides the first encyclopedic treatment of the life
thought and influence of Augustine of Hippo A D 354 430 one of the greatest figures in the history of the Christian church
The product of more than 140 leading scholars throughout the world this comprehensive encyclopedia contains over 400
articles that cover every aspect of Augustine s life and writings and trace his profound influence on the church and the
development of Western thought through the past two millennia Major articles examine in detail all of Augustine s nearly 120
extant writings from his brief tractates to his prodigious theological works For many readers this volume is the only source
for commentary on the numerous works by Augustine not available in English Other articles discuss Augustine s influence on
other theologians from contemporaries like Jerome and Ambrose to prominent figures throughout church history such as
Gregory the Great Aquinas Luther Calvin and Harnack Augustine s life the chaotic political events of his world and the
church s struggles with such heresies as Arianism Donatism Manicheism and Pelagianism Augustine s thoughts about
philosophical problems time the ascent of the soul the nature of truth theological questions guilt original sin free will the
Trinity and cultural issues church state relations Roman society **The Works of Aurelius Augustine** Saint Augustine (of
Hippo), 1872 *We Believe in One Holy Catholic and Apostolic Church* Angelo Di Berardino, 2010-01-29 This volume offers
patristic comment on the second half of the third article of the Nicene Creed Readers will gain insight into the history and
substance of what the early church believed about the nature of the church and the consummation of all things *Two*
Studies in the History of Doctrine Benjamin Breckinridge Warfield, 1897 A Select Library of the Nicene and Post-Nicene
Fathers of the Christian Church: Saint Augustin: Anti-Pelagian writings , 1887 **Nicene and Post-Nicene Fathers: First**
Series, Volume V St. Augustine: Anti-Pelagian Writings Philip Schaff, 2007-05-01 The Council of Nicaea in 325 AD
marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene
and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous

era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume V of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will discover Saint Augustines rebuke of Pelagianism This doctrine undermined Augustines beliefs because it claimed that original sin did not exist Since there was no original sin humans were saved or lost based solely on their own will This further meant that Jesus while a great teacher and model human being did not die to save humanity negating a large portion of Christian doctrine Augustine believed that salvation was available only by the grace of God working in conjunction with mans decision to live a good life Spiritual seekers and students of history will find this work a thorough defense of Catholic theology

Infant Baptism in Historical Perspective David F. Wright, 2007-04-01 These important and incisive essays spanning more than two decades of research and engagement probe facets and episodes of infant baptism s fortunes over twenty centuries The story of pedobaptism is traced from its shadowy beginnings as a variant of faith baptism through inflated Reformation defenses as infant baptism monopolized baptismal thought and practice to biblical and ecumenical reevaluations and hopeful contemporary rapprochements across divisive waters

The Anti-Pelagian Writings St. Augustine of Hippo, Both by nature and by grace Augustin was formed to be the champion of truth in this controversy Of a naturally philosophical temperament he saw into the springs of life with a vividness of mental perception to which most men are strangers and his own experiences in his long life of resistance to and then of yielding to the drawings of God s grace gave him a clear apprehension of the great evangelic principle that God seeks men not men God such as no sophistry could cloud However much his philosophy or theology might undergo change in other particulars there was one conviction too deeply imprinted upon his heart ever to fade or alter the conviction of the ineffableness of God s grace This book comprises St Augustine s writings and thoughts regarding the Anti Pelagian dispute
