Interpreting the Old Testament Theologically Andrew T. Abernethy, 2018-12-18 How should Christians read the Old Testament today Answers to this question gravitate between two poles On the one hand some pay little attention to the gap between the Old Testament and today reading the Old Testament like a devotional allegory that points the Christian directly to Jesus On the other hand there are folks who prioritize an Old Testament passage s original context to such an extent that it is by no means clear if and how a given Old Testament text might bear witness to Christ and address the church This volume is a tribute to Willem A VanGemeren an ecclesial scholar who operated amidst the tension between understanding texts in their original context and their theological witness to Christ and the church The contributors in this volume share a conviction that Christians must read the Old Testament with a theological concern for how it bears witness to Christ and nourishes the church while not undermining the basic principles of exegesis Two questions drive these essays as they address the topic of reading the Old Testament theologically Christology If the Old Testament bears witness to Christ how do we move from an Old Testament text theme or book to Christ Ecclesiology If the Old Testament is meant to nourish the church how do scriptures originally given to Israel address the church today The volume unfolds by first considering exegetical habits that are essential for interpreting the Old Testament theologically Then several essays wrestle with how topics from select Old Testament books can be read theologically Finally it concludes by addressing several communal matters that arise when reading the Old Testament theologically

An Intertextual Analysis of Zechariah 9-10 Suk Yee Lee, 2015-02-26 This book conducts an in depth study on the ideas about future salvation in Zechariah 9 10 In accommodation of the allusive character of the text Lee uses the methodology of intertextual analysis to examine the markers in the text Having established the moments of intertextuality Lee investigates the sources and their contexts analyzing how the intertexts are used in the new context of the host and exploring how the antecedents shape the reading of the later text Thus Lee argues that Zechariah 9 10 leverages earlier biblical material in order to express its view on restoration which serves as a lens for the prophetic community in Yehud to make sense of their troubled world in the early Persian period ca 440 B C These two chapters envision the return of Yahweh who inaugurates the new age ushering in prosperity and blessings The earlier restoration expectations of Second Zechariah anticipate the formation of an ideal remnant settling in an ideal homeland with Yahweh as king and David as vice regent reigning in Zion The new commonwealth is not only a united society but also a cosmic one with Judah Ephraim and the nations living together in peace

A Light to the Nations Michael W. Goheen, 2011-04-01 There is a growing body of literature about the missional church but the word missional is often defined in competing ways with little attempt to ground it deeply in Scripture Michael Goheen a dynamic speaker and the coauthor of two popular texts on the biblical narrative unpacks the missional identity of the church by tracing the role God s people are called to play in the biblical story Goheen shows that the church s identity can be understood only when its role is articulated in the context of the whole biblical story not just the New Testament but the Old Testament as well He also explores practical outworkings and implications offering field tested suggestions for contemporary churches

Up the Steep and Stony Road Byron G. Curtis, 2006

The Book of Zechariah Mark J. Boda, 2016 Over the centuries the prophetic book of Zechariah has suffered from accusations of obscurity and has frustrated readers seeking to unlock its treasures This work by Mark Boda provides insightful commentary on Zechariah with great sensitivity to its

historical literary and theological dimensions Including a fresh translation of Zechariah from the original Hebrew Boda delivers deep and thorough reflection on a too often neglected book of the Old Testament **Behold Your King** Anthony Robert Petterson, 2009-12-10 This book investigates the nature of the hope for the house of David in the final form of the book of Zechariah It focuses particularly on the following themes the roles of Joshua and Zerubbabel the nature and identity of the Shoot the coming King the Shepherd and the Pierced One It challenges the scholarly consensus going back to the thesis of Julius Wellhausen that the high priest took over the role and prerogatives of the pre exilic monarch in the early post exilic period Instead Zechariah merely envisages Joshua the high priest being reinstated to the temple duties that were undertaken before the exile Furthermore Zechariah does not identify Zerubbabel as the promised future Davidic king Shoot Rather Zechariah demonstrates a hope for the restoration of a Davidic king who will have a key role in temple building after the time of Zerubbabel The belief that Zechariah 9 11 and 12 14 are oracles that seek to reinterpret prophecies that have become problematic is also challenged There is no strong evidence that the hope for the house of David in Zechariah 9 14 contradicts the presentation of Zechariah 1 8 This thesis shows how these later chapters continue and develop many of the themes related to the Davidic hope in Zechariah 1 8 The picture of the Davidic hope that emerges from the book of Zechariah is consistent with the expectations of earlier prophets and confirms that the book when read as a whole provides a strong impetus for later messianism in the post exilic period **The Antiochene Crisis and Jubilee Theology in Daniel's Seventy Sevens** Dean R. Ulrich, 2015-08-17 In The Antiochene Crisis and Jubilee Theology in Daniel's Seventy Sevens Dean R Ulrich explores the joint interest of Daniel 9 24 27 in the Antiochene crisis of the second century B C E and the jubilee theology conveyed by the prophecy's structure This study is necessary because previous scholarship though recognizing the jubilee structure of the seventy sevens has not sufficiently made the connection between jubilee and the six objectives of Daniel 9 24 Previous scholarship also has not adequately related the book's interest in Antiochus IV to the hope of jubilee which involves the full inheritance that God has promised to his people but that they had lost because of their compromises with Antiochus IV **American Book Publishing Record**, 2004
