Dessouki**

The Middle East After The Israeli Invasion Of Lebanon:

The Middle East After the Israeli Invasion of Lebanon Robert O. Freedman, 1986-11 The Israeli invasion of Lebanon in June 1982 was in many ways a turning point in Middle Eastern politics. It spurred the United States to get involved in the Arab-Israeli peace process while it weakened the position of PLO leader Nasser Arafat. Due to the invasion, the United States became heavily enmeshed in the internal politics of Lebanon, a morass from which it rather ignominiously extracted itself in February 1984. Ironically, neither the Soviet Union nor its ally Syria profited greatly from this debacle. The escalation of fighting between Iran and Iraq reinforced the American position in the Middle East. Simultaneously, the formation of a block of Syria's enemies, Egypt, Jordan, and the Arafat wing of the PLO, served to isolate Syria further from the Arab world while giving a new impetus to the peace process. These and other key issues are covered in this book, which examines Middle East dynamics from three different levels: extra-regional forces, the United States, the Soviet Union, and Western Europe; regional politics; intra-Arab relations; and the Iran-Iraq war and local politics. Jordan, Israel, the Palestinians, Syria, and Egypt are given the reader a multidimensional view of Middle Eastern political dynamics.

A Concise History of the Middle East Ibrahim Al-Marashi, Arthur Goldschmidt Jr., 2018-09-03 A Concise History of the Middle East provides a comprehensive introduction to the history of this turbulent region. Spanning from pre-Islam to the present day, it explores the evolution of Islamic institutions and culture, the influence of the West, modernization efforts in the Middle East, the struggle of various peoples for political independence, the Arab-Israel conflict, the reassertion of Islamic values and power, the issues surrounding the Palestinian Question, and the Middle East post 9/11 and post-Arab uprisings. The twelfth edition has been fully revised to reflect the most recent events in and concerns of the region, including the presence of ISIS and other non-state actors, the civil wars in Syria and Yemen, and the refugee crisis. New parts and part timelines will help students grasp and contextualize the long and complicated history of the region. With updated biographical sketches and glossary and a new concluding chapter, this book remains the quintessential text for students of Middle East history.

Israel Under Rabin Robert O. Freedman, 2019-08-15 The 1992 elections represented a watershed in Israeli politics. Returning to power for the first time in fifteen years, the Labor government under Yitzhak Rabin has implemented significant changes in foreign policy and domestic politics. Perhaps the most important changes were Israel's recognition of the PLO and the signing of the Declaration of *A History of the Middle East* Saul S. Friedman, 2014-01-10 As the birthplace of three principal religions, the Middle East is holy to 15 million Jews, 2 billion Christians, and 1 billion Muslims. As the cradle of western civilization, it is fundamental to world history, the place where humans transformed themselves from nomadic hunters to settled farmers capable of building great cities and societies. This detailed history covers the Middle East from its ancient beginnings to the present. The confluence of events that produced civilized society is fully discussed, along with the establishment of Judaism, Christianity, and Islam. The emergence and decline of the Byzantine and Ottoman empires, which laid much of the framework for the region to move into

the modern era is covered in depth Analysis of the area in recent decades focuses on World War I and II and the regional conflicts that inflame the Middle East of the 21st century Instructors considering this book for use in a course may request an examination copy here [The Gulf Crisis and its Global Aftermath](#) Gad Barzilai,Aharon Klieman,Gil Shidlo,2016-02-05 The crisis in the Gulf of 1990 1 affected more than just the regional powers in the area Rippling outward its military economic and political effects were felt throughout the international political system testing US steadfastness in the face of Saddam Hussein s political survival European ability to form a united front on foreign policy issues and the effectiveness of the UN in confronting international aggression The rationale behind this book first published in 1993 is to investigate and analyse the various aspects of the crisis especially in regard to the interactions between internal and international prospects for a new order in the Middle East It also examines the wider effects of the war and includes analysis of Europe America and the Soviet Union Each one of the essays chosen for this volume has been written by an expert in their field This collaboration between historians regional specialists and political scientists integrating a variety of research methods in the framework of one book will be useful to a wide range of readers **The Middle East** Ellen Lust,2019-08-06 Written by a group of well known experts and researchers who have diligently worked and updated the book since its first edition to include the most important features of State Polity and Governance in Middle East and North Africa This book is equally useful for instructors and students Jalil Roshandel East Carolina University In the more succinct Fifteenth Edition of The Middle East editor Ellen Lust brings important new coverage to this comprehensive balanced and superbly researched text In clear prose Lust and her contributors explain the many complex changes taking place across the region All country profile chapters now address domestic and regional conflict more explicitly and all tables figures boxes and maps have been fully updated with the most recent data and information This best selling text not only helps readers comprehend more fully the world around them but it also enables readers to recognize and formulate policies that can more successfully engage the Middle East Give your students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning **The Middle East** Michael Curtis,2023-03-31 The Middle East provides a thematic analysis of major forces and trends in contemporary Middle East and a thorough examination of individual countries in the region This comprehensive anthology the first in more than two decades explores the political environment religious and ethnic factors economic factors the Arab world the Palestinians and the territories Israel the role of the superpowers and the Middle East s relationship with the rest of the world Every informed reader will want to consult The Middle East to understand this important and complex area of the world Contents partial William L Cleveland Sources of Arab Nationalism Carl Leiden Arab Nationalism Today Opoku Agyeman Pan Africanism versus Pan Arabism Elbani Hermassi The Maghrib and the Middle East Conflict Lenore G Martin Boundary Disputes in the Persian Gulf Bernard Lewis The Return of Islam Daniel Pipes Understanding Islam in
