The Marvelous Country:

The Marvelous Country; Or, Three Years in Arizona and New Mexico, the Apaches' Home Samuel Woodworth Cozzens, 1875 *The History of Our Country* Edward Sylvester Ellis, 1905 **Jazz Country** Horace A. Porter, 2005-05

Horace Porter is the chair of African American World Studies and professor of English at the University of Iowa. He is the author of *Stealing Fire: The Art and Protest of James Baldwin* and one of the editors of *Call and Response: The Riverside Anthology of the African American Literary Tradition*. The first book to reassess Ralph Ellison after his death and the posthumous publication of *Juneteenth*, his second novel. *Jazz Country* Ralph Ellison in America explores Ellison's writings and views on American culture through the lens of jazz music. Horace Porter's groundbreaking study addresses Ellison's jazz background, including his essays and comments about jazz musicians such as Louis Armstrong, Duke Ellington, and Charlie Parker. Porter further examines the influences of Ellington and Armstrong as sources of the writer's personal and artistic inspiration and highlights the significance of Ellison's camaraderie with two African American friends and fellow jazz fans: the writer Albert Murray and the painter Romare Bearden. Most notably, *Jazz Country* demonstrates how Ellison appropriated jazz techniques in his two novels, *Invisible Man* and *Juneteenth*. Using jazz as the key metaphor, Porter refocuses old interpretations of Ellison by placing jazz in the foreground and by emphasizing especially as revealed in his essays the power of Ellison's thought and cultural perception. The self-proclaimed custodian of American culture, Ellison offers a vision of jazz-shaped America: a world of improvisation, individualism, and infinite possibility.

History of the City of Spokane and Spokane Country, Washington Nelson Wayne Durham, 1912 **The Country of the Pointed Firs** Sarah Orne Jewett, 2009-11-13

A sharply observed, affectionate, and unsentimental portrait of life in a Maine fishing village. *The Country of the Pointed Firs* is Sarah Orne Jewett's most enduring work and commonly regarded as the finest example of American regionalist literature in the nineteenth century. It was originally published in four installments of the *Atlantic Monthly* in 1896; this Broadview Edition is based on the Atlantic serialization and also includes the four other stories set in Dunnet Landing. The critical introduction situates the text in its historical, cultural, and literary milieu, attending to its place in Jewett's oeuvre and in her biography. Appendices include earlier local color writing by Jewett and others, Jewett's letters, and contemporary reviews of the novel.

A Trip to the Country Henriette-Julie de Castelnau, 2011-09-15

Translates an important example of late seventeenth-century French hybrid experimental fiction that provided the primary literary backdrop for the first French fairy tales. Popular with the worldly aristocracy, late seventeenth-century experimental novels like the Countess de Murat's *Voyage de campagne*. *A Trip to the Country* were published in small format, widely circulated, and reprinted more frequently than any other type of fiction, both in France and abroad. Murat's hybrid work built around a humorous frame narrative that details a trip to a pristine country estate taken by seven Parisian aristocrats and contains interpolated examples of the period's most popular literary forms, including seven ghost stories, seven autobiographical anecdotes, one literary fairy tale, one

rondeau two gallant poems two love letters and eleven proverb comedies In this translation of *A Trip to the Country* editors Perry Gethner and Allison Stedman present the entire work in the English language for the first time The editors follow the original 1699 edition as closely as possible to preserve the syntax word choice and other lively readable qualities that were appreciated by the novel's first readers Modern readers will value the editors' extensive footnotes to the text that offer additional definitions historical referents and notes on form and structure An extensive introduction by Allison Stedman also draws connections between the late seventeenth century experimental novel and the rise of the literary fairy tale genre in France to provide a valuable context for students and scholars of the field Gethner and Stedman offer an accessible and informative translation of *A Trip to the Country* that will appeal to students and teachers of fairy tale studies and those interested in the history of French literature
