The Mennonite Story:

Mennonite Story Rudy Baergen, 1990-06-01 [The Mennonite Story](#) , **Nonresistance to Nonviolence** Russell Kremer, 1974 [Back of Bethel College--the Mennonite Story](#) , 1932 [In Search of Promised Lands](#) Samuel J. Steiner, 2015-03-09 The wide ranging story of Mennonite migration theological diversity and interaction with other Christian streams is distilled in this engaging volume which tracks the history of Ontario Mennonites Author Samuel J Steiner writes that Ontario Mennonites and Amish are among the most diverse in the world in their historical migrations and cultural roots in their theological responses to the world around them and in the various ways they have pursued their personal and communal salvation In Search of Promised Lands describes the emergence and evolution of today's 30 plus streams of Ontarians who have identified themselves as Mennonite or Amish from their arrival in Canada to the last decade In Search of Promised Lands also considers how various Mennonite groups have adapted to or resisted evangelical fundamentalism and mainline Protestantism and it identifies the nineteenth and twentieth century shifts toward personal salvation and away from submission to the church community Volume 48 in the Studies in Anabaptist and Mennonite History series Find out more about Ontario Mennonite and Amish history at the author's blog [California Mennonites](#) Brian Froese, 2015-02-19 How did California Mennonites confront the challenges and promises of modernity Books about Mennonites have centered primarily on the East Coast and the Midwest where the majority of Mennonite communities in the United States are located But these narratives neglect the unique history of the multitude of Mennonites living on the West Coast In California Mennonites Brian Froese relies on archival church records to examine the Mennonite experience in the Golden State from the nineteenth century migrants who came in search of sunshine and fertile soil to the traditionally agrarian community that struggled with issues of urbanization race gender education and labor in the twentieth century to the evangelically oriented partially assimilated Mennonites of today Froese places Mennonite experiences against a backdrop of major historical events including World War II and Vietnam and social issues from labor disputes to the evolution of mental health care California Mennonites include people who embrace a range of ideologies many are historically rooted in the sixteenth century Reformation ideals of the early Anabaptists pacifism congregationalism discipleship some embrace twentieth century American evangelicalism missions Billy Graham and others are committed to a type of social justice that involves forging practical ties to secular government programs while maintaining a quiet connection to religion Through their experiences of religious diversity changing demographics and war California Mennonites have wrestled with complicated questions of what it means to be American Mennonite and modern This book the first of its kind will appeal to historians and religious studies scholars alike **The Vocation of the Christian Scholar** Richard T. Hughes, 2005-05-02 Richard T Hughes's highly praised book on the relationship between Christian faith and secular learning originally titled How Christian Faith Can Sustain the Life of the Mind is now available in this revised and expanded edition which speaks more directly to the subject

of vocation In a substantial new preface Hughes recounts his own vocational journey telling how he drew on Christian theology to discover his talents and how best to use them Another new chapter explores the vocation of Christian colleges and universities including the purposes and goals of church related education Drawing from the Catholic Reformed Lutheran and Anabaptist traditions Hughes shows how the Christian scholar can embrace paradox rather than dogmatism His reflections provide a compelling argument that faith properly pursued nourishes the openness and curiosity that make a life of the mind possible Praise for the original edition In this beautifully written sermonic essay Richard Hughes defines the virtues needed for sound scholarship and good teaching As Hughes powerfully and persuasively argues the Christian scholar has ample Christian warrant to be humble in the face of diversity open to the challenge of competing perspectives and fully engaged in the cooperative rigorous and imaginative search for truth The Christian Century Following the examples of George Marsden and Mark Noll Hughes encourages Christians not to forsake their calling as scholars nor to be discouraged by the enormity of their task but to keep on integrating faith and contemporary culture Reformed Review In this book Richard Hughes mentors all of us who want to be both Christians and scholars But even for those who do not teach and would not wear the name scholar this book is a valuable model of what it means to serve God humbly in one's chosen vocation New Wineskins Everybody who is concerned with Christian education should read this little book Journal of Education and Christian Belief *Meetingplace, 1979-1999, Now Visitor Centre* Elmer Sauder, 1999 [Mennonites in Canada: 1939-1970 : a people transformed](#) Frank H. Epp, T. D. Regehr, 1974-01-01 T D Regehr shows how the Second World War challenged the pacifist views of Mennonites and created a population more aware of events problems and opportunities for Christian service and personal advancement in the world beyond their traditional rural communities **On the Edge** Albert W. Wardin Jr., 2013-10-28 How indigenous was the Evangelical Free Church movement in Tsarist Russia Was it simply a foreign import To what extent did it threaten the political stability of the nation and encroach upon the existing Russian and German churches On the Edge examines the efforts of the regimes to suppress the movement and how the movement not only survived but also expanded To what extent did the movement bring upon itself unnecessary opposition because of aggressiveness and tactics Albert Wardin describes the contributions the movement made to the religious life of Russia and examines its numerical success

Fuel your quest for knowledge with Learn from is thought-provoking masterpiece, Dive into the World of **The Mennonite Story** .
