Six Metaphysical Poets George Williamson, 1967 Om digterne John Donne George Herbert Richard Crashaw Abraham Cowley Henry Vaughan og Andrew Marvell *A Reader's Guide to T. S. Eliot* George Williamson, 1998-03-01 George Williamson treats his subject with great precision Documenting his analyses with ample quotes from the poems and essays he elucidates the structure and meaning of Eliot's masterpieces To make this guide more accessible the poems are arranged in chronological order as they appeared in *The Complete Poems and Plays* **A Reader's Guide to Modern British Drama**

Sanford Sternlicht, 2004-12-01 This book reveals the influences of modern history and psychology on British drama the all important influence of Irish dramatists like Wilde Shaw O Casey and Beckett the significance of the Independent Theatre of J T Grein and the early Royal Court Theatre the gay community's contribution to the British theater the powerful new feminist drama and the British festival theater A useful tool for readers wishing to know more about Britain's great dramatic tradition and vital contemporary theater for students pursuing drama studies and for libraries in need of an accessible reference work

A Reader's Guide to William Faulkner Edmond L. Volpe, 2015-02-01 The new guide the first comprehensive book of its kind offers analyses of all Faulkner's short stories published and unpublished that were not incorporated into novels or turned into chapters of a novel Seventy one stories receive individual critical analysis and evaluation These discussions reveal the relationship of the stories to the novels and point up Faulkner's skills as a writer of short fiction Although Faulkner often spoke disparagingly of the short story form and claimed that he wrote stories for money which he did Edmond L Volpe's study reveals that Faulkner could not escape even in this shorter form his incomparable fictional imagination nor his mastery of narrative structure and technique *A Reference Guide for English Studies* Michael J. Marcuse, 2023-11-15 *A Study*

Guide for John Donne's "The Canonization" Gale, Cengage Learning, 2016 **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *The New Cambridge Bibliography of English Literature* George Watson, Ian Roy Willison, 1974

Readers' Guide, 1912 **A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes** Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling

days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on *Death's Jest Book* the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page
