Henning,1999 The Exchange Stabilization Fund ESF holds more than 40 billion that is at the disposal of the US Secretary of
the Treasury for use in foreign exchange intervention and international financial support operations Its use in the Mexican
rescue package of 1995 brought the ESF into the public spotlight for the first time in recent years and it has been deployed
in Brazil and several Asian crisis countries as well Its availability for such packages and its total control by the Treasury
secretary have therefore become very controversial Randall Henning s study maintains that the Fund is an important element
of US foreign policy and economic policy and that it should remain under the exclusive control of the Treasury but that
Congress should exercise effective oversight Henning also covers the legislative history of the ESF and outlines the
principles by which the Fund should be administered **CIS Annual** Congressional Information Service,2000 **CIS
