The Millennium Meltdown:

Millennium Meltdown Grant R. Jeffrey, 1998 The Millennium Meltdown will document the extent of the computer collapse and how this will massively impact your life It is essential that we learn how to protect our family our homes and our finances from the approaching danger This book will outline practical strategies to protect your family from the worst effects of the greatest technological crisis in our lifetime

Apocalyptic Fever Richard G. Kyle, 2012-08-01 How will the world end Domsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In Apocalyptic Fever Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more

The Millennium Bomb Simon Reeve, Colin McGhee, 1996 On New Year s Eve 1999 millions of computers are likely to go haywire affecting missile defence systems stock market trading even lifts The authors highlight the blunders that allowed the millennium bug to remain hidden for so long

The Millennium Bug Debugged Hank Hanegraaff, 1999 Hanegraaff had not intended to tackle the Y2K issue But when CRI was bombarded with queries about the alarms sounding throughout all sectors of Christendom he felt a mandate to investigate and present his findings What he discovered runs the gamut from profiteering to careless journalism to simple gullibility

Millennium

Meltdown Stephanie Dagg,1999-03-01 *How Fear Works* Frank Furedi,2018-06-14 In 1997 Frank Furedi published a book called *Culture of Fear* It was widely acclaimed as perceptive and prophetic Now Furedi returns to his original theme as most of what he predicted has come true In *How Fear Works* Furedi seeks to explain two interrelated themes why has fear acquired such a morally commanding status in society today and how has the way we fear today changed from the way that it was experienced in the past Furedi argues that one of the main drivers of the culture of fear is unravelling of moral authority Fear appears to provide a provisional solution to moral uncertainty and is for that reason embraced by a variety of interests parties and individuals Furedi predicts that until society finds a more positive orientation towards uncertainty the politicisation of fear will flourish Society is continually bombarded with the message that the threats it faces are incalculable and cannot be managed or contained The ascendancy of this outlook has been paralleled by the cultivation of helplessness and passivity all this has heightened people s sense of powerlessness and anxiety As a consequence we are constantly searching for new forms of security both physical and ontological What are the drivers of fear what is the role of the media in its promotion and who actually benefits from this culture of fear These are some of the issues Furedi tackles to explain the current predicament He believes that through understanding how fear works we can encourage attitudes that will help bring about a less fearful future **The Spear of Tyranny** Grant R. Jeffrey,2000-09-29 The unforgettable sequel to *By Dawn s Early Light* A tale of faith love terror and hope It seems like a dream come true Especially to a world ravaged by war and exhausted by drought Especially to a society grown fearful from widespread crime and mystified by mass disappearances and unprovoked animal attacks And especially to a young Israeli couple devastated by their own very personal loss and unable to reach out to each other in their private pain After centuries of war and decades of crime the prospect of international harmony is tantalizing the tiny nation of Israel After millennia of waiting the prospect of a rebuilt Temple on Jerusalem s holy mount seems a miraculous gift And to Israeli Major Isaac Ben David disillusioned by loss and hungry for meaning the opportunity to work for peace is all but irresistible Isaac s opportunity lies with Adrian Romulus the president of the European Union Council of Ministers He s a charismatic visionary world leader with a workable plan for solving the world s problems Tall handsome and deeply spiritual he is also personally interested in the nation of Israel Everyone agrees he s a man who can bring peace to a troubled world But why do thoughts of Romulus trouble Isaac s wife Sarah an Israeli security officer How can Romulus know Isaac and Sarah s most private secrets And why is he so obsessed with an ancient spearhead in an Austrian museum Just who is Adrian Romulus anyway And what are his plans for Isaac Ben David and the world *A History of the Apocalypse* Catalin Negru,2023-01-20 Religion For thousands of years this thing has dictated which people should live and which people should die what shape our buildings should have or what colors our garments should contain what food people should eat or what words people should speak If religion is the opium of the masses then beliefs about the end of the world are like overdoses People touched by such beliefs no longer rely on a hidden personal and intimate god

contemplated upon from the safe distance of the beating human heart They live with the promise of divine intervention at a grand scale on the current coordinates of space and time This can be an exceptional motivator and a game changer in terms of civil obedience both at an individual and collective level In the name of an immediate and palpable deity people can commit shocking cruelties However such belief can also account for some of the most exceptional social developments in human history

Revelation and the End of All Things Craig R. Koester, 2001-04-02 Craig Koester provides commentary on each section of the book of Revelation drawing on the best recent scholarship and contemporizing his discussion with references to events like the siege at Waco the phenomenal sales of the Left Behind series and the use of Revelation in hymnody and art Based on two decades of teaching Revelation to seminary students pastors and lay groups this discussion strikes a balance between taking the text's first century context seriously and making Revelation relevant to twenty first century readers Jacket
