Chesterton, 2011-09-09 G K Chesterton was a master essayist But reading his essays is not just an exercise in studying a literary form at its finest it is an encounter with timeless truths that jump off the page as fresh and powerful as the day they were written The only problem with Chesterton's essays is that there are too many of them Over five thousand For most GKC readers it is not even possible to know where to start or how to begin to approach them So three of the world's leading authorities on Chesterton Dale Ahlquist Joseph Pearce Aidan Mackey have joined together to select the best Chesterton essays a collection that will be appreciated by both the newcomer and the seasoned student of this great 20th century man of letters The variety of topics are astounding barbarians architects mystics ghosts fireworks rain juries gargoyles and much more Plus a look at Shakespeare Dickens Jane Austen George MacDonald T S Eliot and the Bible All in that inimitable formidable but always quotable style of GKC Even more astounding than the variety is the continuity of Chesterton's thought that ties everything together A veritable feast for the mind and heart While some of the essays in this volume may be familiar many of them are collected here for the first time making their first appearance in over a century **G K Chesterton's Christian Writings (Unabridged): Everlasting Man, Orthodoxy, Heretics, St Francis of Assisi, St. Thomas Aquinas and the Man Who Was T** G. K. Chesterton, 2012-11 This Omnibus edition of G K Chesterton's writings includes the following complete and unabridged classic books The Everlasting Man What makes the human uniquely human This is the question that G K Chesterton starts with in this exploration of human history Chesterton responds to H G Wells affirming the uniqueness of being human and the message of the Christian faith Chesterton refutes the idea of Social Darwinism which claims that we have been gradually evolving from the barbaric to the civilised state we currently find ourselves in He sees Christianity as a blend of reason and story which satisfies both the mind and the heart Orthodoxy Chesterton explores right thinking and explains how it led him to come to faith This is a very personal account of his conversion but Chesterton makes it clear that for him it was as a result of his scholarly examination of Christianity's arguments Heretics Chesterton is at his very witty best in this collection of twenty articles He focussed his brilliant mind on heretics prominent figures who Chesterton considers theologically wrong including Kipling Shaw Wells and Whistler St Francis of Assisi Francis of Assisi is without doubt one of the greatest saints and hugely influential in human history This biography by G K Chesterton is considered to be the greatest tribute to this great man's life and one that fully appreciates what St Francis offered to humanity St Thomas Aquinas This Biography of St Thomas Aquinas ranks as one of the best books ever written on the life and thought of this great saint Aquinas was shy and dubbed the Dumb Ox by his classmates Little did they know that he was an unparalleled genius and would revolutionise Christian thought The Man who was Thursday This book is included because like much of G K Chesterton's fiction it is full of Christian allegory This is a true masterpiece a psychological thriller that weaves its way around seven anarchists who are called by the names of the days of the week The aim of the book is to expose moral relativism and nihilism
