The Sinking of HMS Royal Oak Dilip Sarkar, 2012-09-15 The story of the sinking of the HMS Royal Oak by a German submarine which cost the lives of 833 Royal Navy sailors

'Sink the French!' David Wragg, 2007-07-01 A history defining moment in World War II when the allied nations of England and France stood on the precipice of betrayal and war with each other After the forces of Nazi Germany launched their Blitzkrieg assault on Holland Belgium and Northern France the tentative relationship between Great Britain and France was strained to the limit For when the Vichy regime surrendered the British had grave fears that the Germans would force the French naval fleet the fourth largest in the world to turn against their former ally while in fact their orders were to scuttle should the Germans attempt to seize them Sink the French examines the precursors to the fall of France and its consequences most particularly the way the French Navy was dealt with It examines the confused situation that France's defeat created including the rise of a relatively junior French general Charles de Gaulle who was smuggled out of France by the RAF Elsewhere French ships were boarded and seized by the British and at Oran Algeria their fleet was bombarded by the Royal Navy just as there were other incidents including French aircraft bombing Gibraltar This insightful exploration of a world sinking into chaos and the mistrust war can breed between allies is a must read for anyone interested in this pivotal moment in history when opposition to the Nazis was almost broken

Killing the Bismarck Iain Ballantyne, 2014-05-19 An excellent account A suspenseful narrative that will keep readers on the edge of their seats WWII History Magazine In May 1941 the German battleship Bismarck accompanied by heavy cruiser Prinz Eugen broke out into the Atlantic to attack Allied shipping The Royal Navy's

pursuit and subsequent destruction of Bismarck was an epic of naval warfare In this new account of those dramatic events at the height of the Second World War Iain Ballantyne draws extensively on the graphic eyewitness testimony of veterans to construct a thrilling story mainly from the point of view of the British battleships cruisers and destroyers involved He describes the tense atmosphere as cruisers play a lethal cat and mouse game shadowing Bismarck in the icy Denmark Strait We witness the shocking destruction of the British battle cruiser Hood in which all but three of her ship s complement were killed an event that filled pursuing Royal Navy warships including the battered battleship Prince of Wales with a thirst for revenge While Swordfish torpedo bombers try desperately to cripple the Bismarck we sail in destroyers on their own daring torpedo attacks battling mountainous seas Finally the author takes us into the final showdown as battleships Rodney and King George V supported by cruisers Norfolk and Dorsetshire destroy the pride of Hitler s fleet This vivid superbly researched account portrays this epic saga through the eyes of so called ordinary sailors caught up in extraordinary events conveying the horror and majesty of war at sea in all its cold brutality and awesome power

U-Boat Attack Logs Bruce Taylor, Daniel Morgan, 2011-11-09 An indispensable reference work for anyone studying either the U boat campaign or WW2 at sea copiously illustrated fascinating and harrowing Navy News During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U boats This ground breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides resulting in detailed treatment of the fate of 110 vessels with the remainder summarized in an extensive appendix Uniquely each entry is built around a specialist translation of the relevant segment of the war diary log of the U boat in question taken directly from the surviving originals remarkably this represents the first large scale publication of the U boat war diaries in any language The book offers a wealth of new information not only with respect to the circumstances of the sinkings from both the Allied and German perspectives but also to the technical environment in which they lived as well as the fate of the crews The entries include background details on the vessels concerned and the men involved with a selection of rare and carefully chosen photos from archives and collections around the world Each entry is itself a compelling narrative but is backed with a list of sources consulted including documents published works and websites A decade in the making this is probably the most important book on the U boat war to be published for many a year Offers significant new information on many of the most famous incidents

The Convoy Angus Konstam, 2023-10-26 The Convoy represents a fresh approach to the story of the Battle of the Atlantic It is also the first to deal with the more spectacular story of HG 76 a major turning point in the naval war HG 76 sailed from Gibraltar to Britain in December 1941 and was specially targeted by the Germans A wolfpack of U boats was sent against it and the Luftwaffe was heavily committed too in a rare example of German inter service cooperation German intelligence agents in Gibraltar and Spain also knew every detail of HG 76 before it had even sailed seemingly stacking the odds in favour of the

Kriegsmarine Despite this the convoy fought its way through Improved radar and sonar gave the convoy's escorts a slight edge over their opponents while the escort group was led by Commander Walker an anti submarine expert who had developed new aggressive U boat hunting tactics Previous Gibraltar convoys had been mauled by Luftwaffe bombers operating from French airfields This time though HG 76 would be accompanied by HMS Audacity the Royal Navy's first escort carrier a new type of warship purpose built to defend convoys from enemy aircraft and U boats Following seven days and nights of relentless attack the horrors of which are brought home through a series of first hand accounts the convoy finally reached the safety of a British port for the loss of only two merchant ships Its arrival was seen as the first real convoy victory of the war Brought to life by expert naval historian Angus Konstam The Convoy combines the story of the technical and tactical developments that won the Battle of the Atlantic for the Allies along with a narrative that reveals both the terror and the stubborn determination that defined the experiences of those that served on convoy duties *The Sinking of the Bismarck* William Shirer, 2017-09-07 An acclaimed historian provides a thrilling account of the British Navy's unlikely defeat of the world's most feared battleship
